RE: CHANGES TO FIELD EXAMINER RECOMMENDATIONS

DATE: 12-JUN-1990

=====

The theoretical capacity of this diversion works is 0.12 cfs. The diversion rate for irrigation was measured to be 0.03 cfs; however, this measurement does not limit the diversion rate for domestic and stockwater uses. The stockwater use found is very minor and can be considered under the domestic use.

It is recommended that stockwater be included with the domestic use and we allow a volume of 1.2 acre feet per annum. The total diversion rate recommended is 0.07 cfs and the diversion volume 5.5 acre feet per annum.

Dear Permit Holder(s):

We are in the process of licensing the above referenced water right. Because of an insufficient examination fee, the Department has no alternative but to issue the license for less than the amount actually diverted unless an additional fee is received. The amount of water to be licensed will be limited to 0.03 cfs rather than 0.07 cfs.

You can submit the additional exam fee along with a late payment penalty. The priority of the right will be advanced according to the number of days from the date of this letter to the date we receive the extra fee.

The exam fee required to cover the 0.07 cfs is \$50.00 and the late payment penalty is \$25.00, for a total of \$75.00.

The Department will hold action on licensing this right for 30 days to allow you to submit the above fee. If we do not receive the additional fee, we will proceed with licensing the water right for the limited amount of water.

Kay Walker

Dear Mr. and Mrs. Bryan:

On April 30, 1986, we sent you a notice that you had to submit an examination fee information sheet and an exam fee for the above referenced permit. On April 30, 1987, we had not received a response to our Examination Fee Notice and therefore we sent a Lapse Notice to you. Enclosed for your information are copies of these notices.

Our records show that we have not received the examination fee information sheet or the exam fee as requested in the April 30, 1986, correspondence. If you believe an examination fee has been paid for this permit, please submit your information. Since you have not yet submitted the examination fee information sheet for this permit, we request that you submit it at your earliest convenience. We have enclosed this form for your use.

Please be advised that due to a Departmental error, a field examination of this permit was conducted on July 9, 1987. Our examiner found that you are using this well for domestic, stockwater and irrigation purposes. However, we cannot issue a license for these uses because you have not complied with the examination requirements. You will receive a priority advancement on this permit due to the non-submittal of the information requested on April 30, 1986, if you do decide to submit the examination fee information sheet.

We will begin processing the permit for licensing once the information sheet is received. If we do not hear from you regarding this matter by March 1, 1990 we will assume you are no longer interested in this permit and it will be considered lapsed and removed from our records. If you have any questions in regard to the above, please feel free to contact this office or our Eastern Regional Office in Idaho Falls.

John started the review on this right back in May, 1989. He found that there was no fee information in the file and inquired of the Region in September. The Region could not find the information sheet, either.

This right was officially lapsed June 30, 1987, nine days before the exam was done! I don't have a problem with limiting the right to 0.04 cfs for non-payment, but what about priority?

Please send a letter requesting an examination fee sheet. Allow 60 days.

Dear Permit Holder:

LAPSE NOTICE
License Examination Fee

You are hereby notified that under the provisions of Section 42-217 and 42-218a, Idaho Code, the above referenced permit will lapse and be of no further force nor effect on June 30, 1987, for failure of the permit holder to submit either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Provisions of § 42-217, Idaho Code, and the Beneficial Use Examination Rules and Regulations provide that failure of the permit holder to submit either the fee or an acceptable field examination report within one (1) year and sixty (60) days after notification by the director that the submittal is due is cause for the director to reject the proof of beneficial use and lapse the permit. The Department notified you of the required submittal on April 30, 1986.

The lapsed permit can be reinstated upon a showing of reasonable cause for late submittal of proof of beneficial use, if you submit to the Department on or before August 28, 1987, either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Enclosed is a fee information sheet that must be completed and submitted to the Department to keep the permit in good standing. If you have questions, please contact any office of the Department.

Sincerely,

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may call on another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

MICROFILMED

JUL 23 1990

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

DEAR PERMIT HOLDER:

ACCORDING TO OUR RECORDS, YOU ARE THE HOLDER OF A WATER PERMIT ON WHICH PROOF OF BENEFICIAL USE OF WATER WAS NOT SUBMITTED BEFORE JULY 1, 1985, WHICH INDICATES YOUR PROJECT IS NOT COMPLETE. THEREFORE, YOU NEED TO BE AWARE OF CHANGES IN IDAHO LAW, EFFECTIVE JULY 1, 1985, WHICH IMPACT ALL WATER PERMITS ISSUED BY THIS DEPARTMENT.

SPECIFICALLY, PURSUANT TO SECTION 42-203D, IDAHO CODE, THE DEPARTMENT MUST REVIEW ALL PERMITS FOR WHICH DEVELOPMENT OF WATER USE WAS NO COMPLETED ON OR BEFORE JULY 1, 1985, TO DETERMINE IF THEY MEET THE NEW REQUIREMENTS OF CHAPTER 2, TITLE 42, IDAHO CODE. IF THE DEPARTMENT FINDS THAT THE PROPOSED USE DOES NOT SATISFY THE CRITERIA OF CHAPTER 2, TITLE 42, IDAHO CODE, THEN THE DEPARTMENT SHALL EITHER CANCEL THE PERMIT OR IMPOSE THE CONDITIONS REQUIRED TO BRING THE PERMIT INTO COMPLIANCE WITH CHAPTER 2, TITLE 42, IDAHO CODE. IF THE DEPARTMENT FINDS THAT THE PERMIT SATISFIES THE CRITERIA ESTABLISHED IN CHAPTER 2, TITLE 42, IDAHO CODE, THEN THE DEPARTMENT SHALL ENTER AN ORDER CONTINUING THE PERMIT.

Dear Mr. Bryan:

RE: Permit No. 35-8033

The 1982 Idaho Legislature added a requirement that a permit holder must commence the excavation or construction of diverting works within one year of the date the permit was issued and proceed diligently until the project is completed. Since you related in our telephone conversation of October 4th, the well has been drilled, you are required to fill out the enclosed blue card and return it to this office certifying that construction of diversion has commenced.

I might add that complete development to the extent shown on the permit is required on or before May 1, 1987. You will be notified and sent a proof of beneficial use postcard 60 days prior to the proof due date enabling you to submit proof on or before May 1, 1987.

If you have any questions concerning your permit, please do not hesitate to contact us.

Sincerely,

ROBERTA GARRETT
