FROM:ROXANNE MCCARTHY

RE: LICENSE REVIEW

DATE: 12-APR-1989

This file was originally reviewed by Kay Walker in 1987. Due to the complex nature of the overlaps involved the file was set aside pending more complete direction.

I reviewed the file in February, 1989, and it was the subject of further discussion with Kay Walker, Tim Luke and Jim Johnson on 11-April-1989.

From the file land lists and maps it was determined that 80 new acres are permitted under 35-7782. In addition, 25 acres in T01S, R33E, Sec. 26 overlap with licensed right 35-2241.

The 80 new acres will be licensed at the existing rate of 0.015 cfs per acre. The 25 overlapping acres will be given more water to bring them to the new rate (0.001 cfs per acre).

The total diversion rate is as follows:

80 acres x 0.015 cfs/acre	= 1.20 cfs
25 acres x 0.001 cfs/acre	= 0.03 cfs

	1.23 cfs

The total volume for the shared rights can be listed under Conditions and Remarks on the new license:

417 acres x 3.5 = 1459.5 afa

$$\text{Theoretical} \Rightarrow \frac{400 \text{ hp} (0.9)(8.814)}{45 \text{ psi} (2.31) + 300'} = 7.86 \text{ c.f.s.}$$

Pipe Id. $\rightarrow$

$$\text{Actual eagle-eye} \Rightarrow (9.75'')^2 (3.85) (\sqrt{61.9'}) = 2,879.49 \text{ gpm} \left(\frac{\text{c.f.s.}}{448.8} \right) = 6.416 \approx 6.42 \text{ c.f.s.}$$

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee to the department to conduct the field examination, but you may choose to use another certified examiner.

DEC 13 1989

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

P. O. Box 992
Blackfoot, ID 83221

Gentlemen:

Your approved copy of Application for Permit No. 35-7782 is enclosed and we direct your attention to the conditions of approval on the fourth page.

Please note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. Enclosed is a letter describing the different types of measuring devices accepted by this Department.

The exercise of this permit may also be affected by the court's determination of water rights in the case of Idaho Power Company v. State of Idaho, et al., Civil No. 62237, currently pending before the District Court of Ada County.

Idaho Power officials tell us that because of Case No. U-1006-124 filed before the Idaho Public Utilities Commission, Idaho Power Company is asking the District Court of Ada County to determine whether the Power Company's water rights on the Snake River are protected against subsequent upstream appropriations in the waters of the Snake River and surface and subterranean tributaries between Milner Dam and Hells Canyon.

Since the use of water under your permit may affect the flows in this reach of the Snake River, the final decision in Idaho Power Company v. State of Idaho, et al. (Ada County Civil No. 62237) may determine to what extent the exercise of your permit may be subject to the water rights of Idaho Power.

While the Ada County court is examining this question, Idaho Power Company has not filed a specific protest to your permit.

RECORDED

However, the Department of Water Resources has been advised that the Power Company is not waiving any of its rights to contest or limit the exercise of your permit or a subsequent license or water right.

If you have any questions, please let us know.

Sincerely,

A handwritten signature in cursive script, reading "L. Glen Saxton".

Dear Mr. Seeley:

Pursuant to our telephone conversation, enclosed you will find your check No. 92-23 in the amount of \$35.00 and two applications for permit, the original marked "void" and a new application.

In reviewing the voided application it was determined the amount of water and the acreages should be increased. For your convenience, we have completed the new application designating the necessary increases. Please note that since the new application is for additional water the filing fee also increased from \$35.00 to \$65.00.

Provided no changes are necessary after reviewing the application, please sign the form at the bottom of page 3 and return it with the mandatory filing fee.

It has been a pleasure to assist you in this project and should there be questions in the future, please feel free to contact me.

Very truly yours,

Mr. Arnold Seeley
Eastern Idaho Production Credit Association
P.O. Box 992
Blackfoot, Idaho 83221

Dear Mr. Seeley:

Pursuant to our telephone conversation, enclosed you will find your check No. 92-23 in the amount of \$35.00 and two applications for permit, the original marked "void" and a new application.

In reviewing the voided application it was determined the amount of water and the acreages should be increased. For your convenience, we have completed the new application designating the necessary increases. Please note that since the new application is for additional water the filing fee also increased from \$35.00 to \$65.00.

Provided no changes are necessary after reviewing the application, please sign the form at the bottom of page 3 and return it with the mandatory filing fee.

It has been a pleasure to assist you in this project and should there be questions in the future, please feel free to contact me.

Very truly yours,

ERNEST M. CARLSEN
