Dear Mr. Feld:

Enclosed please find your application and check No. 92-145 in the amount of \$35.00. We find it necessary to return your application and check for the following reasons:

1. The amount of water allowable under the Idaho Code is limited to one-inch per acre unless justification can be presented. Therefore, the amount of water for your 80 acres would be 1.60 c.f.s.
2. The point of diversion located on the plat map does not agree with the written legal description listed under Item 3a.

For your convenience, we have enclosed another application. If we may be of further assistance, please feel free to contact this office.
