Dear Mr. Wahlen,

RE: License No. 35-7612

Enclosed is a copy of the Water Right License issued on the above referenced Permit.

Please be advised that one of the conditions of your permit was that a measuring device be installed as part of your diversion works. That requirement has been waived with issuance of the enclosed license. However, in the event that water supply shortages become a problem installation of measuring devices may be required.

Sincerely,

Enclosed please find your application for permit and check No. 92-145 in the amount of \$35.00. It is necessary to return your application as the Idaho Code limits the rate of diversion to an inch per acre, unless a larger amount can be justified. Therefore, we have taken the liberty of retyping your application showing the statutory rate of diversion.
