Dear Mr. Watt:

One of the conditions of approval of your water Permit No. 35-7278 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before May 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Sir:

Department of Water Administration
Eastern District Office

In answer to the letter you wrote me, about the land in question NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 33, Twp. 2S, Rgn. 32E, B.M. We plan to water that 40 acre under the new well. But we ~~to~~ want to ~~leave~~ leave the land in question under the pump it was license to, No. 35-2859. So the new well will ~~have~~ have to cut the flow of down to water 120 acre and not 160 acre.

Very truly yours.

Re: Application No. 35-7278

Mr. Ronnie D. Watt
Route #1, Box 60
Bingree, ID 83262

Dear Mr. Watt:

The Idaho Code limits the rate of diversion for irrigation to 0.02 c.f.s. per acre. You have filed for a new appropriation of water to irrigate land already licensed under License No. 35-2859. The land in question is the NE¹/₄NE¹/₄, Sec. 33, Twp. 2S, Rge. 32E, B.M. We lack sufficient records in the district office to investigate what was found when the neighboring wells were examined last summer. If, in fact, this tract is to be irrigated from both points of diversion, please provide us with written justification within fifteen (15) days of the date of this letter, or the acreage and flow will be reduced accordingly.

If you have any questions, please do not hesitate to contact us.

Very truly yours,

RICHARD M. TURNIPSEED
Water Resource Administrator
