Mr. Don C. Carter

Idaho 83262

Dear Mr. Carter:

During the irrigation season, I performed a proof of beneficial use exam on your above referenced permit. The data resulting from that examination has been arranged in the proper form and is now ready to be sent to our State Office. Before the State Office will issue a license on your permit, an approved measuring device must be permanently installed on your irrigation system.

Would you please notify this office when you have installed your measuring device so that we may inspect the installation and finalize licensing of the permit?

Since the large number of new field examinations each year increases the summer work load, it would be helpful to us if we could verify your installation as early next spring as possible.

Re: Application for Permit No. 27-7021

Mr. Don C. Carter
Pingree, ID 83262

Dear Mr. Carter:

Your application for permit has been forwarded to this office for processing. In reviewing your application, we must ask for clarification of Item 4.

You have indicated, under Item 4, that you propose to use the water for irrigation purposes from March 1 to December 1. We normally allow April 1 to November 1 as the irrigation season. Unless you can provide this office within thirty (30) days from the date of this letter written justification for the longer use period, we will reduce your irrigation season to the period suggested.

If you have any questions, please do not hesitate to contact this office.

Very truly yours,

NORMAN C. YOUNG
