Dear Mr. Feld:

We have recently measured your wells to determine the amount of water you are using, the location of the place of use and points of diversion.

The point of diversion as listed in Permit No. 35-7158 is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17. This seems to be incorrect, as it appears to be in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 17.

An amendment must be filed in order to correct our records and issue the license with correct information. Please review the enclosed amendment before signing to insure that the information is correct. After signing, return to this office with the statutory filing fee of \$10.

A measuring device is required on both permits; however, the meter on Permit No. 35-7159 was not operating when checked. Please notify this office when this has been corrected and we will come out and check it.

If you have any questions, please do not hesitate to contact this office.

Gentlemen:

Enclosed you will find two legal notices which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit to us galley proofs for our review before publication.

After sending us galley proofs, proceed with the publication on the dates we have inserted assuming the notices are correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notices on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department for each notice along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."
