I usually can only get about two-thirds of my water, and some times only half. I have to let some of my ground lay idle I cannot water all of it.
my neighbor put in a well this ^{spring}. So I will have to stand all the shrinkage in about a mile of the ditch alone. giving me even less water than before.

Dear Mr. Jackson:

One of the conditions of approval of your water Permit No. 35-7148 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before September 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
