Dear Mr. Hardcastle:

We are enclosing a copy of your Permit No. 35-7119. It shows that William P. Wray did file for a well to irrigate 10 acres of the Moreland Cemetary District. This permit has a priority date of February 9, 1970. Proof of beneficial use of the water was submitted by Joseph Hardcastle on March 3, 1975, and a field exam of the system conducted July 11, 1975. The amendment previously sent to you was a result of the field exam found that the well has been drilled in a different 40-acre tract than was applied for. In order to issue a license correctly, the well point had to be changed so the license and permit correspond. If you want this permit licensed please sign the amendment form and return it to this office along with the \$10.00 filing fee.

If you still do not wish to have this permit licensed, we are enclosing a relinquishment form which, when completed, will clear our records of this permit.

If you have any questions, please contact us.

Gentlemen:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, however, our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions concerning the field exam, please contact our District Office in Idaho Falls.

Re: Permit No. 35-7119

Moreland Cemetery District
Moreland,
Idaho 83256

Gentlemen:

One of the conditions of approval of your water Permit No. 25-7119 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before April 1, 1975. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Moreland Cemetery District c/o Phil Wray - Water
Application

Dear Sirs:

On November the 9, 1970, you wrote a letter to the Moreland Cemetery District advising them that you did not have an application for permit on file for them.

I have reviewed my file and on the 6th day of February, 1970, an application for permit was mailed to your department together with a filing fee of \$20.00. I am enclosing a photocopy of the check showing that it has been deposited with the State Treasure.

I have a file copy of the application for permit. Perhaps there has been an error in the information given. I note on my application for permit that the point of diversion listed as Southeast Quarter, Southwest Quarter, Section 22, Township 2 South, Range 34 EBM. In your letter of November 9, the point of diversion is listed as the Southwest Quarter, Southwest Quarter, Township 2 South, Range 34 EBM, Section 22. If you locate the application and this needs to be corrected, please advise me. May I hear from you promptly regarding this matter.

Thank you,

KERR AND WILLIAMS
