ATTENTION: Ben Cavaness

Dear Mr. Cavaness:

Pursuant to our telephone conversation of April 4, 1972, we have reviewed the application for permit and the amendment forms which you submitted in the behalf of Otto and Melvin Funk.

The new application for permit appears to be in proper form. However, an initial review of the application for amendment indicates that you wish to add an additional 80 acres to the above referenced permit. The only way the additional land could be added without filing a new application for permit, would be to drop 80 acres from the original permit, so that the total would not exceed 160 acres and 3.11 cubic feet per second, as listed under Permit No. 35-7115. We are therefore, returning the original application for amendment and your check #92-291, for \$80.00.

We have taken the liberty of typing a new application for permit to replace the amendment. If you approve of the application, please have it signed and returned to this Department with the proper fee. The fee for this application will be \$55.00, while the fee for the new application for permit will be \$35.00. The fee for an amendment is \$10.00, regardless of the amount of water requested. We are also enclosing an instruction sheet, with a copy of our fee schedule for your use in the future.

If we can be of any further assistance in this matter, please do not hesitate to contact this Department.
