Blair W. Archibald

P. O. Box 72

Dear Mr. Archibald:

In checking our records we find that Lyle Taylor has two permits. One covering the land in Section 11, the other for the land in Section 1. Our records only indicate two wells. When License No. 35-2522 was issued it only had one well and when the new permit was filed it has only one well. It is possible since the one well did not produce enough water for 1 inch to the acre they drilled an additional well, but neglected to file a permit for it. The following information is enclosed regarding the two permits.

35-2522 - for 4.0 c.f.s from a well in the NE¼NW¼ Section 11, for use on 320 acres in the N½ of Section 11, all in T 6 S., R 30 E.,B.M. Priority date is January 6, 1958.

35-7101 - for 3.36 c.f.s. from a well in the SW¼SE¼ Section 1, for use on 168 acres in the S½S½, Section 1, T 6 S., R 30 E.,B.M. Priority September 22, 1969.

Very truly yours,

Re: Our Loan 138993 - Lyle Taylor

Gentlemen:

We have approved a loan to Lyle Taylor on the following described property, together with other lands.

S½S½ Section 1 and N½ of Section 11 Township 6 South Range 30 EBM.

Mr. Taylor has three wells on this property. It is our understanding the two wells in Section 11 were drilled in 1958 and 1963. The new well in Section 1 was just drilled this season. Could you please send us any information you have regarding the permit numbers or license numbers and priorities and amounts in connection with these three wells?

Thank you.
