Gentlemen:

We acknowledge receipt of the assignments submitted conveying the above referenced permits to you. The assignments have been recorded and the Department's records changed. We also acknowledge receipt of the affidavits submitted as proof of beneficial use for these permits. Enclosed is an Order of Reinstatement for Permit No.'s 35-7092 and 35-7093; please note that the priority has not been advanced for these permits.

Before licenses can be issued, field examinations must be made by a representative of this Department. We cannot tell just when these examinations will be made, but our examiner will try to contact you at the time he makes the examinations so that you may show him the systems.

We note that in the letter submitted with these proof affidavits, it is mentioned that we will be informed as to the installation of measuring devices as required by the conditions of approval of these permits. These measuring devices must be installed by the time our examiner makes the exams, or your water rights cannot be confirmed by the issuance of licenses.

If you have any questions concerning this matter, please contact us.

This office has recently received proof of beneficial use affidavits and/or assignments in connection with the above referenced permits. The status of these permits is as follows:

35-7091 & 35-7094 We are herewith returning the proof affidavits as these permits are still in the name of John Houtman and we, therefore, need an assignment from Mr. Houtman before Placerton's proof can be accepted. A partially completed assignment form is attached to the proofs for your use.

35-7092, 35-7093 & 35-7095 We have received the assignments from John Houtman to Placerton and also Placerton's assignments conveying these permits to Metropolitan Life Insurance Company. The proof affidavits under these permits are being processed and a letter of acknowledgement will be directed to Metropolitan Life.

35-7161 & 35-7162 We are returning the assignments of John Houtman to Placerton and also Placerton's assignments to Metropolitan Life. Please be advised that Mr. Houtman assigned these permits to Connecticut Mutual Life Insurance Co. in February, 1971. Therefore, Connecticut Mutual is the permit holder of record and any assignments will have to be executed by Connecticut Mutual.

John Houtman

Blackfoot, ID 83221

Dear Mr. Houtman:

One of the conditions of approval of your water Permit No.'s 35-7091, 35-7092, 35-7093, and 35-7094 (see last page of your approved permits) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1974. Enclosed are affidavit forms which must be used to submit the required proof of beneficial use for these permits.

If you have not fully completed your projects, and you have not previously received extensions of time, you may request an extension of time provided the delay is for reasonable causes as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted on each permit.

Either the beneficial use affidavits or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permits will lapse and be of no further force or effect.

Dear Mr. Berrett:

Our Eastern District Office at Idaho Falls has forwarded your letter of July 2, 1973, to us along with the assignments of permit executed by Mr. John Houtman.

We are herewith returning the assignment for Permits No. 35-7161 and 35-7162. Please be advised that Mr. Houtman assigned these permits to Connecticut Mutual Life Insurance Company in March 1971. Therefore, Connecticut Mutual would have to execute an assignment of these permits to Placerton, Inc.

Also enclosed is the assignment for Permits No. 35-2722, 35-7095, 35-7092 and 35-7093. As Permit No. 35-2722 is in the name of Leo J. Behrend, we cannot accept that part of the assignment. If you would submit another assignment omitting Permit No. 35-2722 we could record the assignment of Permits 35-7095, 35-7092 and 35-7093 to Placerton, Inc.

We have enclosed a supply of blank assignment forms for your use. We would prefer that a separate form be used for each permit.

If you have any questions regarding the above mentioned permits, please advise.

Sincerely,
