Dear Mr. Watt:

One of the conditions of approval of your water Permit No.'s 35-7054 & 35-7057 (see last page of your approved permits) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1973. Enclosed are two (2) affidavit forms which must be used to submit the required proof of beneficial use.

If you have not fully completed your projects, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavits or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permits will lapse and be of no further force or effect.
