SUBJECT: Measuring Device - Permit No. 35-7051 DATE: September 17, 1971

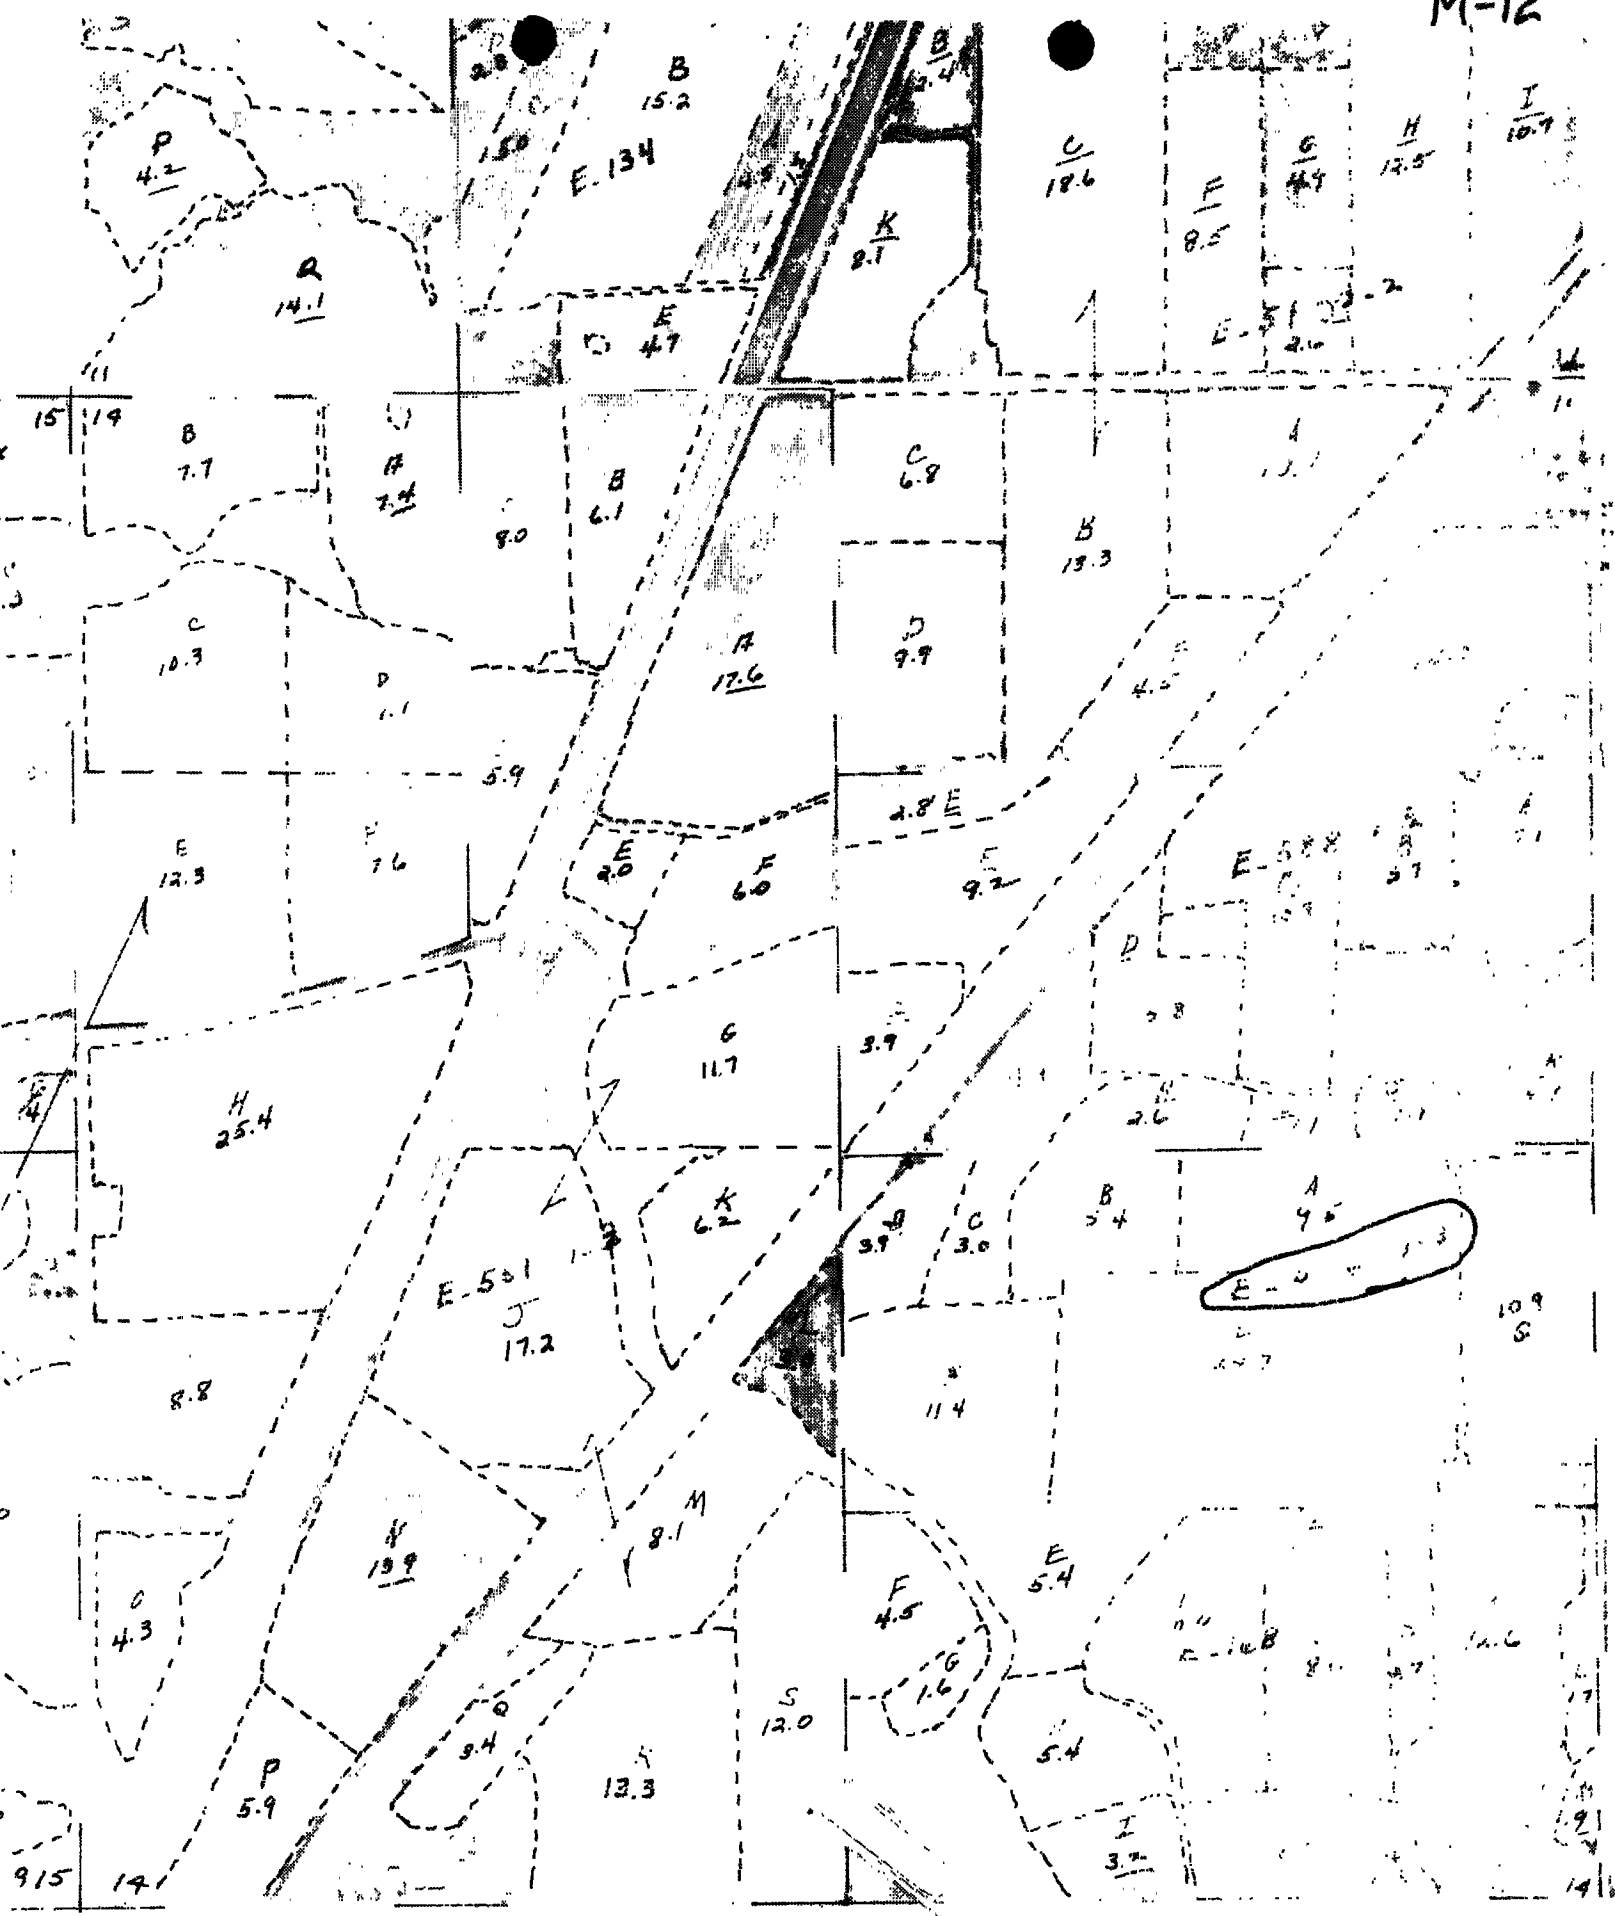

I visited the M.A. Driscoll ranch near Pingree, Idaho on September 16, 1971. I was unable to find anyone at home, but did locate an irrigation well with an apparently new measuring device on it. This well was located just south of the Driscoll residence near the road.

The well is equipped with a 50 H.P. motor and deep well turbine pump with an 8 inch discharge pipe. A Badger meter is located one foot away from the pump and about five feet upstream from the 45° angle taking the mainline into the ground. The installation could be improved by moving the meter further from the pump. The meter is a Badger MD1M, Serial No. M0436769, and the reading at the time of visiting was 5,321,000 gallons.

Dear Mr. Driscoll:

We are in receipt of your affidavit submitted as proof of beneficial use for permit 35-7051. However, in reviewing that affidavit, it appears that you have failed to install the measuring device as required by the conditions of approval of your permit and by Section 42-201 of the Idaho Code.

We cannot accept your proof and issue a license unless you have installed a measuring device of a type approved by the Department. We will hold your affidavit until you can supply us with information as to the type of measuring device installed. You should be aware that failure to install the device and supply information as to the type of device installed may result in the loss of your permit. We will withhold action regarding your permit until September 2, 1971.

We are enclosing a list of the types of devices approved by the Department. If you have any questions, please feel free to contact us.

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you can not publish the notice on the proposed dates please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation, along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of same has been paid.

Signature of claimant

Very truly yours,

Donald W. McEldowney
