Dear Sirs:

One of the conditions of approval of your water Permit No. 35-7049 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Sir:

I have been trying all summer to get water meters from Agricultural Services, Inc. of Blackfoot, Idaho, to put on the well owned by Clarence Parsons and me (Jack Bellings) and one owned by Herbert Hahn. Ag Services has been unable to get any meters, although they have been ordered for ninety days.

I would like to apply for an extension of time for paying up on these wells until I can get the water meters.

Thank you

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you can not publish the notice on the proposed dates please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation, along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of same has been paid.

Signature of claimant

Re: Application No. 35-7049

Mr. Jack Billings and Mr. Clarence Parsons
Pingree,
Idaho

Gentlemen:

We are returning your application to appropriate the public waters of the State of Idaho. Please be advised that the point of diversion you have listed under Item 3a of the application must correspond with the map and must be listed by a 40 acre subdivision.

It is apparent that you were proposing to drill near the center of the NE $\frac{1}{4}$, sec. 13; however, due to our requirements, we must have it identified to a particular tract. A more detailed study will indicate in which one of the four subdivisions in question you will be drilling. If it is difficult to decide which side of a subdivision line you will be drilling, you may list more than one point of diversion in the application.

Please bear in mind that we must have some clarification before we can continue processing. Your assistance is appreciated.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner
