State of Idaho, being first duly sworn, upon his oath deposes and says:

That he is the holder, or the duly authorized agent of the holder *, of Permit to Appropriate the Public Waters of the State of Idaho No. 35-7045.

That under the terms and conditions of said permit, work thereunder was required to be completed on or before October 1, 19 73.

That he has heretofore performed the following work described under said permit:

Costing \$

That he is unable to complete the remainder of the work within the required time for the following reasons, to-wit: Aberdeen-Springfield Canal Co. has registered liens against this property & other property that we do not have under the Rockford Canal Co. which was disbanded at the time this permit was applied for. Thus it has become difficult to get money needed to put a well pump and sprinkler lines on this ground.

Wherefore, he asks that the Department of Water Administration extend the time for the completion of obligations under said permit to October 1, 19 78. to locate a renter.

Dear Mrs. Hibbert:

We are returning your application for extension of time without taking action on same.

We have reviewed the application for extension of time, and it appears to be in order and we feel that the reason you have cited, to be sufficient reason to grant an extension of time. However, Department policy will not allow an extension of time application to be processed more than 60 days prior to the date evidence of beneficial use must be submitted to the Department, in your case, October 1, 1973.

The reasoning behind this type of policy is that the permit holder has not expended the full amount of time allowed on the permit and made every attempt possible to complete the project. If you would re-submit your application within the 60 day period prior to October 1, 1973, we are sure we can give favorable action to your application.

If you have any questions, please contact us.

Very truly yours,

Dear Mrs. Hibbert:

One of the conditions of approval of your water Permit No. 35-7045 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

One of the conditions of approval of your water Permit No. 35-7045 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Director

Dear Mrs. Hibbert:

We are returning your application for extension of time without taking action on same.

We have reviewed the application for extension of time, and it appears to be in order and we feel that the reason you have cited, to be sufficient reason to grant an extension of time. However, Department policy will not allow an extension of time application to be processed more than 60 days prior to the date evidence of beneficial use must be submitted to the Department, in your case, October 1, 1973.

The reasoning behind this type of policy is that the permit holder has not expended the full amount of time allowed on the permit and made every attempt possible to complete the project. If you would re-submit your application within the 60 day period prior to October 1, 1973, we are sure we can give favorable action to your application.

If you have any questions, please contact us.

Very truly yours,

Donald W. McEldowney

Permit No. 35-7045

Barbara Williams Hilbert of RT# 1 Box 58, Pingree,
(name) (address)

State of Idaho, being first duly sworn, upon his oath deposes and says:

That he is the holder, or the duly authorized agent of the holder *, of Permit to Appropriate the Public Waters of the State of Idaho No. 35-7045.

That under the terms and conditions of said permit, work thereunder was required to be completed on or before October 1, 19 73.

That he has heretofore performed the following work described under said permit:

Costing \$ _____

That he is unable to complete the remainder of the work within the required time for the following reasons, to-wit: Cheraine Spring Hill Canal Co. has registered claims against this property & other property that is to be under the Rockford Canal Co. which was disbanded at the time this permit was applied for. Thus it has become difficult to get money needed to put a well pump and sprinkler lines on this ground.

Wherefore, he asks that the Department of Water Administration extend the time for the completion of obligations under said permit to October 1, 19 78. *to locate a line to it.*

Dear Sirs;

In regard to water permit no. 35-7045 issued Nov. 1, 1968, I understand I am to have the well drilled and working by Oct. 1, 1973. Is there any possibility of an extension of time? Because of money matters, I'd like more time. If you'd send me information on this I'd appreciate it.

Thank you,

Sincerely,

Barlene Williams Tibbert
