Re: Permit No. 35-7023

Gentlemen:

Yesterday I sent you the Proof of Application of Water to Beneficial Use of Matsuura Brothers under the above permit number.

Paragraph seven of said proof stated that Hopkins Brothers in Rexburg, Idaho, was the well driller. Further research indicated that it was not the Hopkins Brothers but C. L. Williams of Blackfoot, Idaho, who drilled the well and it was drilled sometime prior to 1965.

This proof may be somewhat confusing since it shows the actual production of water from that well. Since filing the proof, I have been informed that there is another water license on this well. License No. 26125/352447. The 5.2 cfs. is the amount of water that is presently being used and is necessary for the irrigation of the land from this well. The difference between the amount of water previously licensed and the amount of water on this proof is the newwater claimed.

Please contact me if you have any questions.

Dear Ms. Longhurst:

One of the conditions of approval of your water Permit No. 35-7023 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before July 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 12-104, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

RE: Application for Amendment - G-26125
Application for Permit - Joan F. Longhurst

Dear Mr. Higginson:

Enclosed herewith is an application for amendment to permit G-26125, an application for water permit, both in the name of Joan F. Longhurst, Power of Attorney naming Idaho Land & Appraisal Service, and a check in the amount of \$15.00 to cover the \$5.00 fee for the amendment and \$10.00 for .21 cfs.

This was discussed with Mr. Stephen Allred and it was his suggestion that it be handled in this manner to enable permit G-26125 to be licensed and to cover all lands being irrigated. Please let us know if any further information is required.
