Dear Mr. Jackson:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Rigby Star all submitted in proof of completion of works and beneficial use on Permit No. G-32454.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try to contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Sir:

On Friday I completed the water filings of Frank Ueda- and of Clements and Jackson & Tophill Farms--I came to work this morning and looked again at the calendar and it is only the 13th--I notarized these papers in good faith and the people involved all came in on Friday to sign these papers--it was absolutely an error on my part of picking up a daily reminder one week prior to when I was supposed to have completed the filings.

What can I do to correct the error of notarizing these a prior week than was called for? I have correct dates on the proofs--only I done the work one week in advance. I called the people and made sure they would come here on Friday and completed them as if it were Friday March the 17th.

I know it will be hard to believe such efficiency exists--but it is very truthful--I looked at the wrong week on the daily reminder and completed this Fridays work one week early.

Sincerely,

Attn: Donald W. McEldowney, Water Rights Clerk

Dear Sir:

This is to certify that this office was open on the 17th day of March, 1967 and that no protests were filed in connection with Permits G-30409; G-30411; G-32454 and G-32453. These permits are for Clements and Jackson, Inc.; Tophill Farms, and Frank Ueda.

As stated in a previous letter to your office, and which is enclosed herewith in Xerox form, were notarized one week prior to the 17th of March, 1967 due to my picking up a daily reminder one week earlier than was supposed to have been for completion of the filings.

I certify and notarize the above facts as true and correct this 15th day of April, 1967.

Dear Mrs. Ball:

Enclosed is a copy of our March 13, 1967 letter. At this time we have not received a reply to our letter. We must have an affidavit stating your office was open and that no protest was offered nor received on the 17th of March, 1967. If this affidavit is not received within twenty days we will reject the proofs on the above referenced permits.

Very truly yours,

Dear Sir:

On Friday I completed the water filings of Frank Ueda- and of Clements and Jackson & Tophill Farms--I came to work this morning and looked again at the calendar and it is only the 13th--I notarized these papers in good faith and the people involved all came in on Friday to sign these papers--it was absolutely an error on my part of picking up a daily reminder one week prior to when I was supposed to have completed the filings.

What can I do to correct the error of notarizing these a prior week than was called for? I have correct dates on the proofs--only I done the work one week in advance. I called the people and made sure they would come here on Friday and completed them as if it were Friday March the 17th.

I know it will be hard to believe such efficiency exists--but it is very truthful--I looked at the wrong week on the daily reminder and completed this Fridays work one week early.

Sincerely,

Marjorie U. Ball

Dear Mrs. Ball:

We are in receipt of the depositions and affidavits of publication for the above numbered permits. These permits are for Clements and Jackson, Inc, Tophill Farms, and Frank Ueda. The proofs were all to have been taken on the 17th of March, and were received in our office the 13th, however, they were all dated the 17th day of March. Since the 17th is this Friday we feel they were taken before the 17th of March. We will require an affidavit from you stating that your office was open on the 17th and that no one appeared to protest these permits. Also, some explanation as to why they were taken early.
