Re: Permit No. G-23371

Mr. Alex Schelske
Aberdeen
Idaho

Dear Mr. Schelske:

Our field engineer's report on the inspection of the completion of construction work and application of water to beneficial use under the terms of Permit No. G-23371 shows that your two wells are capable of conveying 745 miner's inches (14.9 c.f.s.) of water for irrigation of 960 acres in the E $\frac{1}{2}$ and SW $\frac{1}{4}$ of Section 14 and the W $\frac{1}{2}$ and SE $\frac{1}{4}$ of Section 15, Township 5 South, Range 30 East, B.M. The record of the permit does not list the land in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 15, therefore, we enclose an application for amendment for this purpose for your signature.

Upon receipt of the amendment, mentioned above, and the statutory fees, total of \$54.50, we will issue to you the Certificate of Completion of Works (for which the fee is six dollars and fifty cents--based at the rate of five dollars for the first ten cubic feet and thirty cents for each additional cubic foot or fraction thereof) and the License and Certificate of Water Right (forty-eight dollars--based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of December 9, 1952, to the use of 14.9 second feet of subterranean water with the points of diversion in the centers of the NE $\frac{1}{4}$ of Section 14 and the NW $\frac{1}{4}$ of Section 15, for irrigation of 960 acres in the E $\frac{1}{2}$ and SW $\frac{1}{4}$ of Section 14 and the W $\frac{1}{2}$ and SE $\frac{1}{4}$ of Section 15, all in Township 5 South, Range 30 East, B.M.

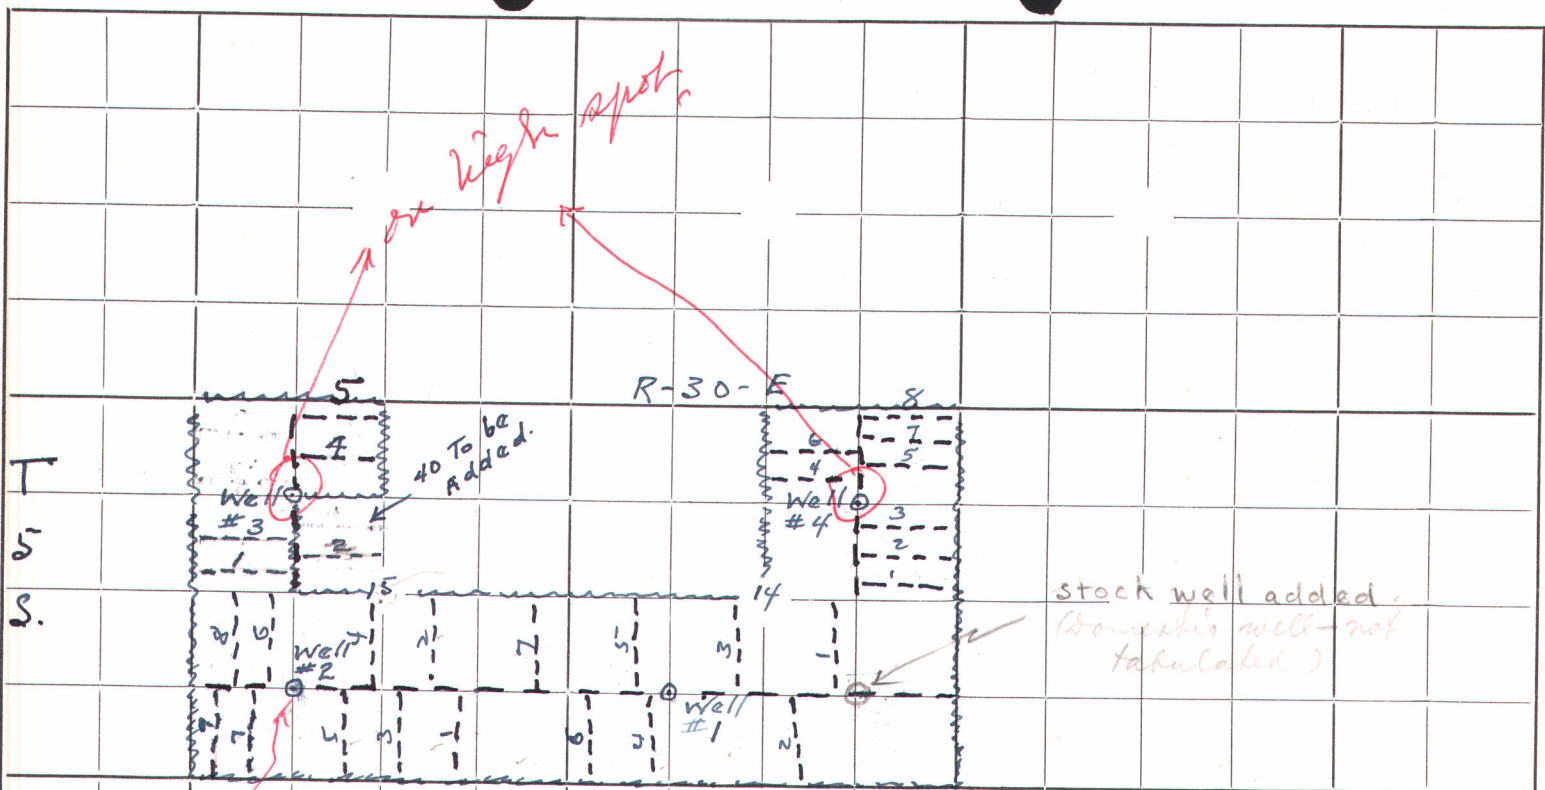

Very truly yours,

MARK R. KULP

Dear Sirs:

Re: #123716 - Schelske

Permit No. G23371 provides for irrigation of land in the NE $\frac{1}{4}$ of Section 14, Township 5 South, ^{range 30} E.B.M. We know that there is a well in the center of this ^{Sec} section, but this permit does not cover a well to be located in this description.

Will you kindly advise if you have permit for a well located in approximately the center of Section 14, Township 5 South, Range 30 E.B.M.

Thanking you in advance, we are

Very truly yours,

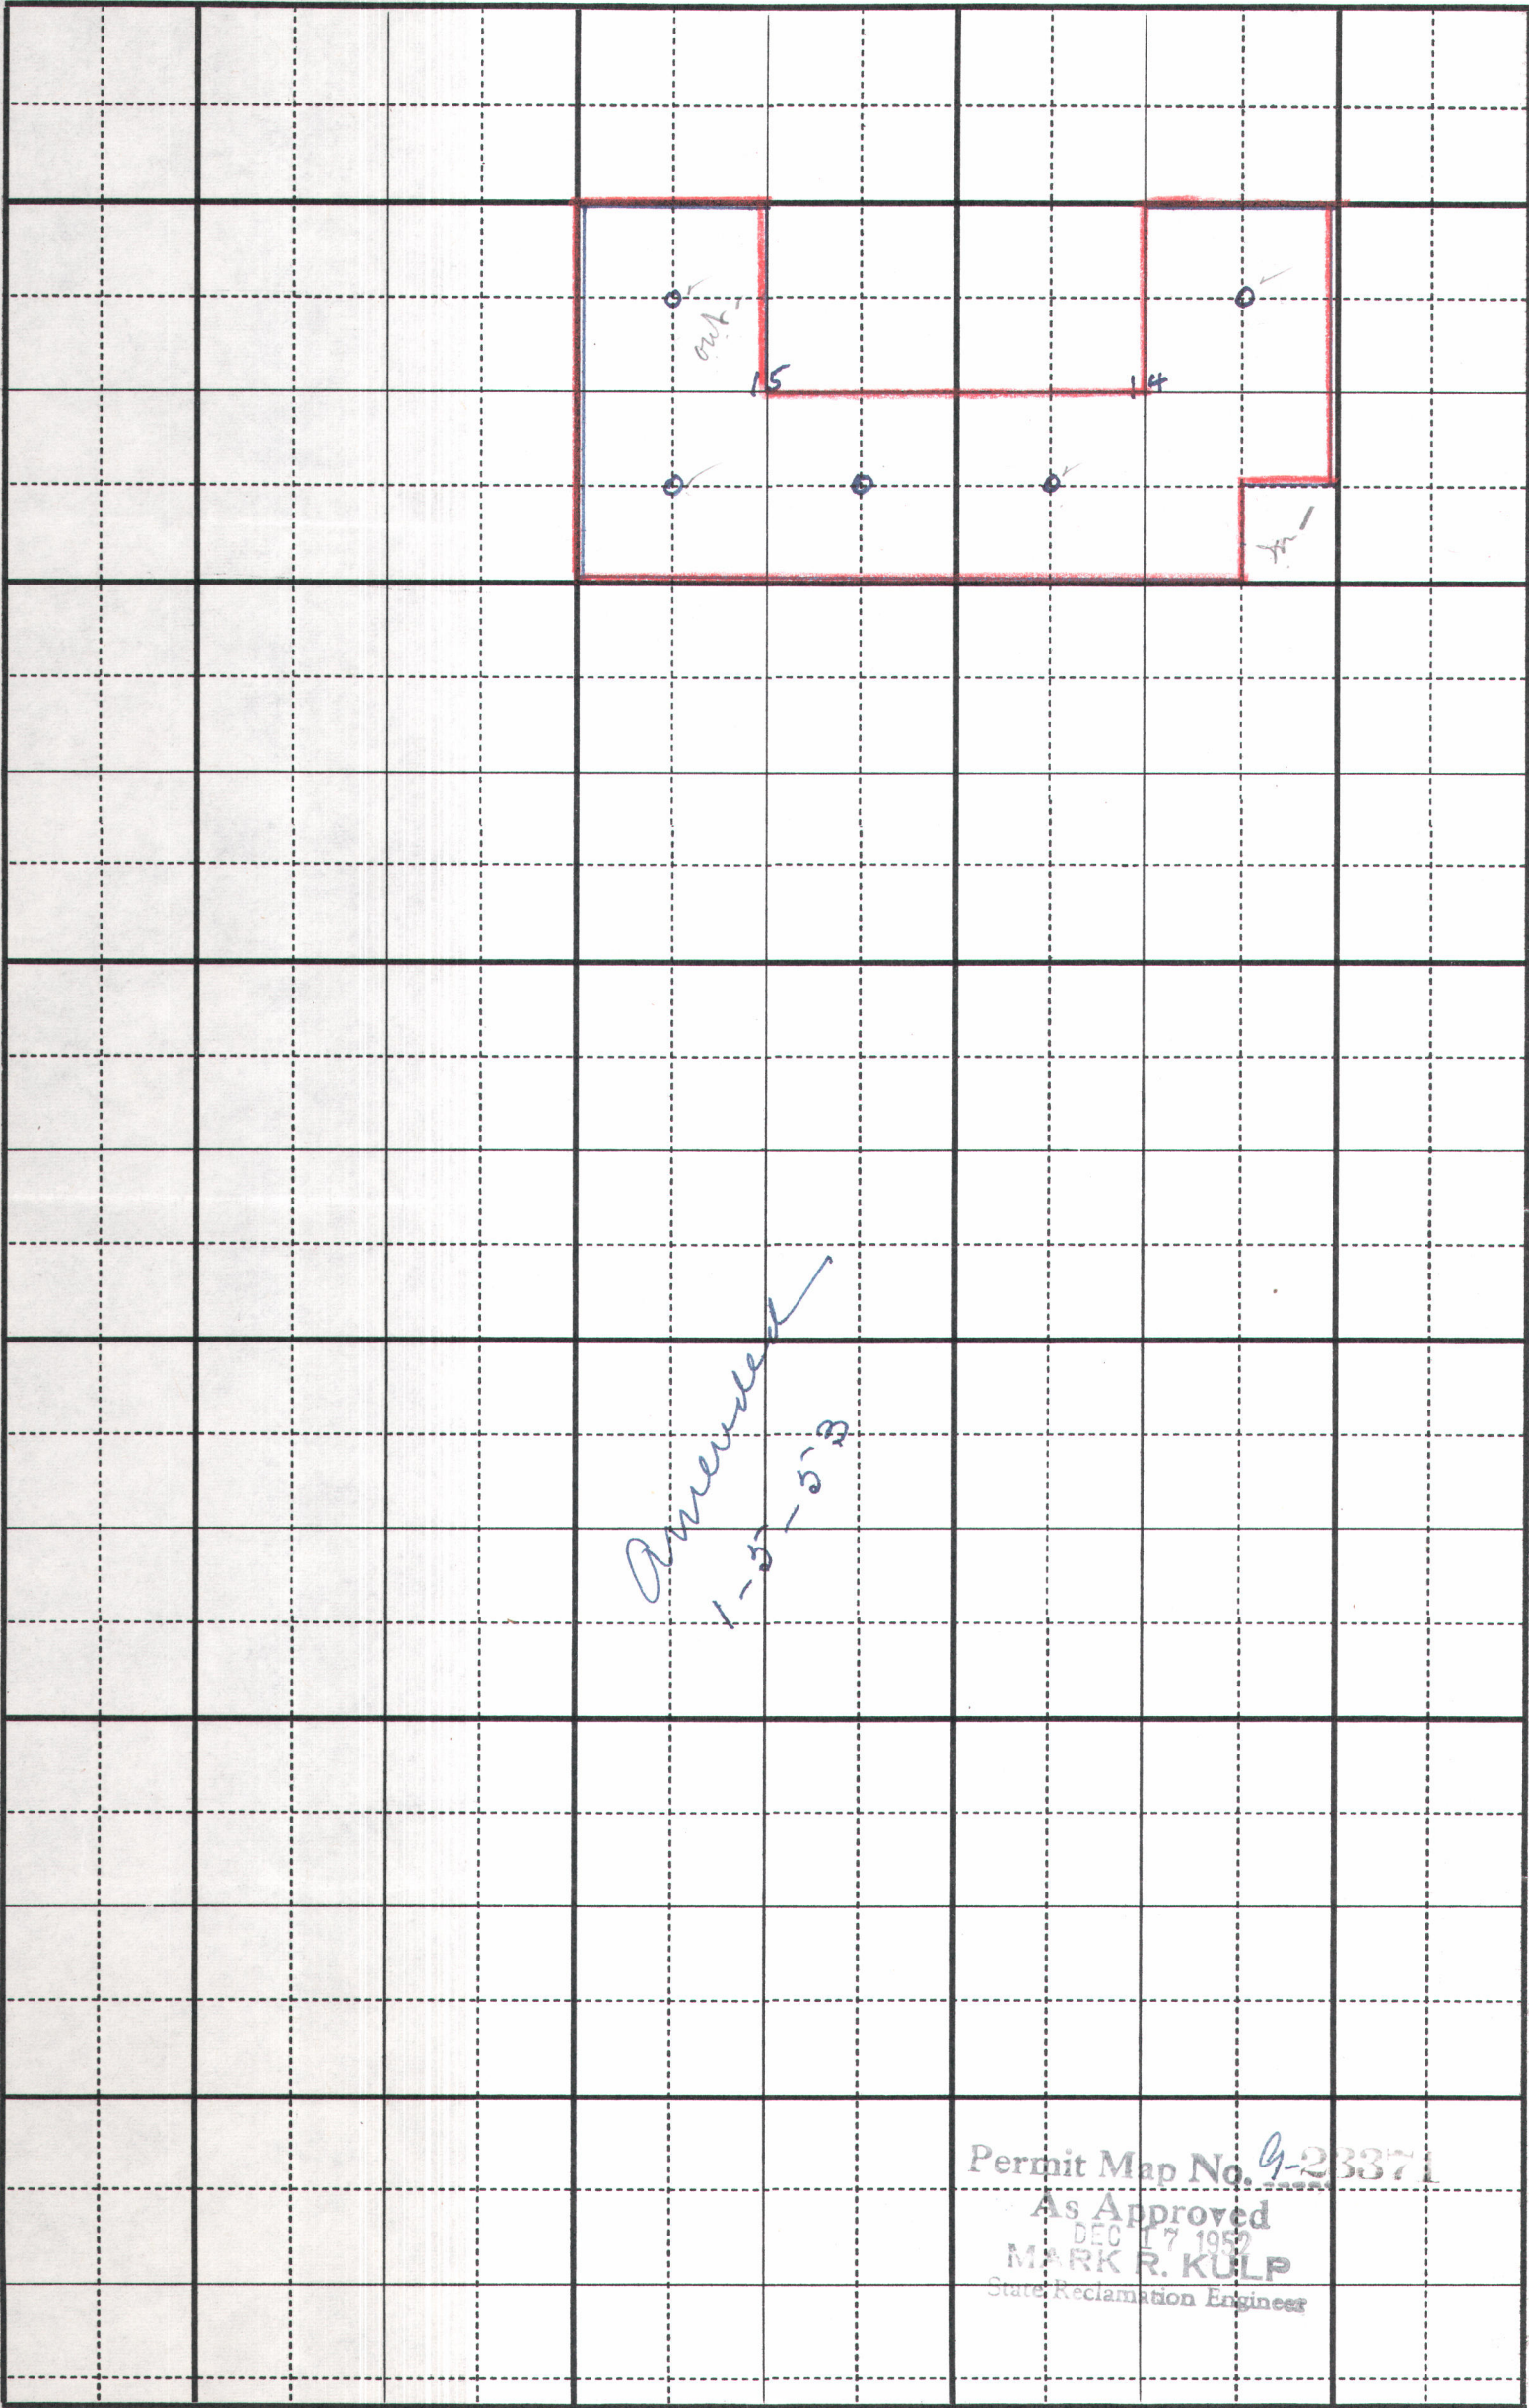

J. N. Marshall

ATTENTION: Harry B. Gambles, Assistant Manager

Dear Mr. Gambles:

Pursuant to your letter request of April 6, 1971, we wish to advise you as to the status of the two water rights in the name of Chester Wahlen.

Permit No. 42425/35-7019 has been approved for 2.32 cubic feet per second. The source of water supply is ground water. The point of diversion is located in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 22, Township 4 S, Range 31 E, B.M., Bingham County. This permit has been approved for irrigational purposes from April 20 to November 1.

Permit No. 29558/35-2650 is licensed in the amount of 5.84 cubic feet per second, with a priority of March 10, 1961, from a ground water source. The point of diversion is in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 20, Township 6 S, Range 30 E, B.M., Bingham County.

Also, per your request, please be advised of the following:

Permit No. G-23257/35-2279, in the name of Kenneth W. Marshall, is licensed for the amount of 2.56 cubic feet per second, with a priority of November 21, 1952. The source is ground water, with the point of diversion being in the Center of the NE $\frac{1}{4}$ of Section 15, Township 5 S, Range 30 E, B.M., Bingham County.

Permit No. G-25393/35-2286, in the name of John Lewis, is licensed in the amount of 1.34 cubic feet per second with a priority of January 24, 1955. The source is ground water, with the point of diversion being in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 25, Township 14 S, Range 35 E, B. M., Oneida County.

Permit No. G-25910/35-2433, in the name of Victor Fehringer, is licensed in the amount of 2.24 cubic feet per second, with a priority of August 29, 1955. The source of water supply is ground water, for the purpose of irrigation and domestic use. The point of diversion lies within the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 22, Township 5 S, Range 30 E, B.M., Bingham County.

Permit No. G-26124/35-2446, in the name of Victor Fehringer, is licensed in the amount of 2.28 cubic feet per second, with a priority of December 27, 1955. The source of water supply is ground water and the use is for irrigational purposes. The point of diversion lies within the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 22, Township 5 S, Range 30 E, B.M., Bingham County.

Permit No. G-26103/35-2443, in the name of Joseph Fehringer, is licensed in the amount of 2.42 cubic feet per second, with a priority of December 6, 1955. The source of water supply is ground water for irrigational purposes. The point of diversion lies within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 22, Township 5 S, Range 30 E, B.M., Bingham County.

Permit No. G-25452/35-2402, in the name of Leo F. Fehringer, is licensed in the amount of 5.36 cubic feet per second with a priority of February 14, 1955. The source of water supply is ground water, with the point of diversion being in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 22, and the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 23, both of Township 5 S, Range 30 E, B.M., Bingham County.

We hope that this information will be of assistance to you.

In the future, if you should have projects of this nature, please plat them on a map showing the points of diversion and places of use. This would assist us greatly in complying with your request.

Very truly yours,

Dorian Clay
Appropriation Examiner

Re: Permit No. G-23371

Mr. Alex Schelske
Aberdeen
Idaho

Dear Mr. Schelske:

We have enclosed the following:

1. Application for Amendment to Permit No. G-23371 which was approved by the State Reclamation Engineer and recorded in the Department of Reclamation in Book 83 of Permits at Page 23371 amending the list of land to read as follows: "E $\frac{1}{2}$ and SW $\frac{1}{4}$ of Section 14; W $\frac{1}{2}$ and SE $\frac{1}{4}$ of Section 15, all in Township 5 South, Range 30 East, B. ." This should now be attached to the original permit to which it refers and of which it becomes a part.

2-3. Certificate of Completion of Works and the License and Certificate of Water Right issued under Permit No. G-23371 confirming the right with priority of December 9, 1952, to your use of 14.9 second feet of subterranean water, with the points of diversion in the centers of the NE $\frac{1}{4}$ & SW $\frac{1}{4}$ of Section 14 and the NW $\frac{1}{4}$ & SE $\frac{1}{4}$ of Section 15, Township 5 South, Range 30 East, B.M., for irrigation of 960 acres in the E $\frac{1}{2}$ and SW $\frac{1}{4}$ of Section 14 and the W $\frac{1}{2}$ and SE $\frac{1}{4}$ of Section 15, Township 5 South, Range 30 East, B.M.

Departmental receipt #G-3047 for \$54.50 was issued and handed to you when you were in the office as receipt of the six dollar and fifty cent fee for the Certificate of Completion of Works and forty-eight dollars for the License fee.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Chief Clerk

Alex Schelske

Date of receipt at office of Department of Reclamation December 5, 1957

APPROVAL OF STATE RECLAMATION ENGINEER

I, MARK R. KULP, State Reclamation Engineer of the State of Idaho, hereby approve
the above and foregoing application for amendment to Permit to appropriate the Public Waters of
the State of Idaho, No. G-23371. This approval constitutes a new permit and is issued as an
amendment to the original permit, to which it refers, and of which it becomes a part, and said appli-
cation is approved only insofar as the rights of others will not be adversely affected thereby.

G-23371

Mark R. Kulp

State Reclamation Engineer

Doc 4-2040 p. 1 25-52

September 27, 1957.

Re: Permit No. G-23371

Mr. Alex Schelske
Aberdeen
Idaho

Dear Mr. Schelske:

Our field engineer's report on the inspection of the completion of construction work and application of water to beneficial use under the terms of Permit No. G-23371 shows that your two wells are capable of conveying 745 miner's inches (14.9 c.f.s.) of water for irrigation of 960 acres in the E $\frac{1}{2}$ and SW $\frac{1}{4}$ of Section 14 and the W $\frac{1}{2}$ and SE $\frac{1}{4}$ of Section 15, Township 5 South, Range 30 East, B.M. The record of the permit does not list the land in the SE $\frac{1}{4}$ of Section 15, therefore, we enclose an application for amendment for this purpose for your signature.

Upon receipt of the amendment, mentioned above, and the statutory fees, total of \$54.50, we will issue to you the Certificate of Completion of Works (for which the fee is six dollars and fifty cents--based at the rate of five dollars for the first ten cubic feet and thirty cents for each additional cubic foot or fraction thereof) and the License and Certificate of Water Right (forty-eight dollars--based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of December 9, 1952, to the use of 14.9 second feet of subterranean water with the points of diversion in the centers of the NE $\frac{1}{4}$ of Section 14 and the NW $\frac{1}{4}$ of Section 15, for irrigation of 960 acres in the E $\frac{1}{2}$ and SW $\frac{1}{4}$ of Section 14 and the W $\frac{1}{2}$ and SE $\frac{1}{4}$ of Section 15, all in Township 5 South, Range 30 East, B.M.

Very truly yours,

MARK R. KULP

Examination for Completion of Works & Beneficial Use

County Bingham

14, 15 - 5 S - 30 E

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. G-23371

Mr. Alex Schelske
Aberdeen, Idaho

Dear Mr. Schelske:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Aberdeen Times, all submitted in proof of completion of works and beneficial use on Permit No. G-23371.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

We acknowledge receipt of your check in the amount of \$7.70 which was enclosed with depositions. However, since the results of the examination will govern the fee for the Certificate and License, we will at that time notify you of the correct amount and for this reason we are returning your check.

/ Very truly yours,

MARK R. KULP

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
MAR 13 1957
Department of Reclamation

Permit No. G-23371

Proof of Application of Water to Beneficial Use

and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Alex Shelske, residence and postoffice address is Aberdeen, Idaho
X Occupation is farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. None

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit number G-23371 dated December 17, 1952. Date of priority is Dec 9, 1952

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of supply is subterranean flow and places of diversion are
Center of the NE $\frac{1}{4}$ and SW $\frac{1}{4}$ Section 14, and center of the NW $\frac{1}{4}$, SW $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 15
Township 5 South, Range 30 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

overhead sprinkler system from drilled wells, they are capable of conveying
1 inch per acre. Well No. 1 is 196 feet deep, 16" casing and depth to water is 126 feet.
Well No. 2 is 332 feet deep, 18" casing and depth to water is 186 feet. Well No. 3
is 364 feet deep, 18" casing and 194 feet to water. Well No. 4 is 202 feet deep, 16" casing
and 113 feet to water, Well No. 5 is domestic well. Sprinkler system uses 1035 nozzles,
size 5/32 and 3/64, operating pressure about 50 pounds.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation. Since wells have been drilled, land has been
converted from dry land to irrigated land for diversified farming. Acres irrigated -
920 acres total as follows: 160 - NE $\frac{1}{4}$, 160 - SW $\frac{1}{4}$, 160 - SE $\frac{1}{4}$ all in Section 14, 160 - SE $\frac{1}{4}$
160 - SW $\frac{1}{4}$, 80 - W $\frac{1}{2}$ NW $\frac{1}{4}$, 40 - NE $\frac{1}{4}$ NW $\frac{1}{4}$ all in Section 15, Township South, Range 30 E.B.M.

23371

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1 miners inch per acre

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The water has been used in the irrigation of the lands since ~~1951~~ 1953 until at the present time all the land is being irrigated.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. _____

(Sign) Steve Schelske

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Aberdeen, County of Bingham, State of Idaho, on this 12th day of March, A. D. 19 57.

My commission expires December 8, 1958

Permit No. G-23371

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Frank J. Klempel Age - 65 , occupation - farmer, ~~xxx~~ residence
and address - Aberdeen, Idaho

Ques. 2. Are you acquainted with Alex Shelske, the
holder of Permit No. G-23371? How long have you known him and where does
he reside?

Ans. I have known him 15 years and he resides at Aberdeen, Idaho

Ques. 3. Have you read or heard read said Permit No. G-23371, and are you
familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Subterranean supply from drilled wells, place of diversions are:
Center of the NE $\frac{1}{4}$ and SW $\frac{1}{4}$ Section 14, and center of the NW $\frac{1}{4}$, SW $\frac{1}{4}$ and SE $\frac{1}{4}$
Section 15, Township 5 South, Range 30 E.B.M. The water is conveyed to
place of use through sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. The works will convey 18.4 second feet and I have seen that much water used.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. Have seen the pumps deliver 18.4 second feet and estimated the
amount by seeing 1035 sprinkler heads running 8 gallons per minute, per
sprinkler head.

FILED

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation. Since wells have been drilled, land has been brought from dry land to diversified farming. Acres irrigated: 160 - NE $\frac{1}{4}$, 160 - SW $\frac{1}{4}$, 160 - SE $\frac{1}{4}$ all in Section 14, 160 - SE $\frac{1}{4}$, 160 - SW $\frac{1}{4}$, 80 - W $\frac{1}{2}$, 40 - NE $\frac{1}{4}$ NW $\frac{1}{4}$ all of Section 15 in Township 5 South, Range 30 E.B.M.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is Class 2 land generally and this land needs 1 miners inch per acre for cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Operated 80 acres for one season and have seen the other land being irrigated for several seasons.

Permit No. G-23371

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Lloyd W. Bartholoma, Age 32, occupation - farmer, residence and

post office address is Aberdeen, Idaho

Ques. 2. Are you acquainted with Alex Schelske, the holder of Permit No. G-23371? How long have you known him and where does he reside?

Ans. I have known him 7 years and he resides in Aberdeen, Idaho

Ques. 3. Have you read or heard read said Permit No. G-23371, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. source is subterranean from wells, places of diversion are the center of the NE $\frac{1}{4}$ and SW $\frac{1}{4}$, Section 14, and center of the NW $\frac{1}{4}$, SW $\frac{1}{4}$ and SE $\frac{1}{4}$, Section 15, Township 5 South, Range 30 E.B.M., Water is conveyed through sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. The works will convey at least 920 miners inches and I have seen that amount.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen three of the wells measured by open discharge and have estimated the flow of the remainder and the total of these wells will deliver more than 920 miners inches on open discharge.

N 23371

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation by overhead sprinklers and has been converted into farms for diversified farming from dry land since wells were drilled. Acres irrigated: 160 - NE $\frac{1}{4}$, 160 - SW $\frac{1}{4}$, 160 - SE $\frac{1}{4}$ all in Section 14, 160 - SE $\frac{1}{4}$, 160 - SW $\frac{1}{4}$, 80 - W $\frac{1}{2}$ NW $\frac{1}{4}$, 40 - NE $\frac{1}{4}$ NW $\frac{1}{4}$ all of Section 15 in Township 5 South, Range 30 E.B.M.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is classed as Class 2 land generally, and this land will need 1 miners inch per acre for good cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest in the works.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I worked for Mr. Shelske on this land ever since the first well was put in operation 4 years ago.

**NOTICE OF PROOF OF
COMPLETION OF WORKS and
APPLICATION OF WATER TO
BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 14th day of March, 1957, at Aberdeen, County of Bingham, State of Idaho, before Elmer Isaak, Notary Public, proof will be submitted of the completion of works for the diversion of 18.4 cubic feet per second of underground waters from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-23371 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Alex Schelske, Aberdeen, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 18.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes and the amount applied to beneficial use is 18.4 cubic feet per second.

4. The point of diversion of said water is Center of NE $\frac{1}{4}$ and SW $\frac{1}{4}$ of Sec. 14., Center of NW $\frac{1}{4}$, SW $\frac{1}{4}$ and SE $\frac{1}{4}$ of Section 15., Township 5 S., Range 30 E., B. M.

5. The place where said water is used is NE $\frac{1}{4}$, S $\frac{1}{2}$ of Sec. 14 and N $\frac{1}{2}$ N $\frac{1}{4}$ W, SW $\frac{1}{4}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ of Section 15 all in Township 5 S., Range 30 E., B. M.

6. The date of priority which said user is prepared to establish is December 9, 1952.

Re: Permit No. C-23371

Mr. Alex Schelske
Aberdeen
Idaho

Dear Mr. Schelske:

We enclose a copy of your Permit No. C-23371 as same appears of record in the Department of Reclamation.

As you recall departmental receipt No. C-2428 for \$1.00 was handed to you when you were in the office as receipt of payment of the copy-work fee.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date)..... February 4, 1957

(P. O.)..... Aberdeen, Idaho

TO THE STATE RECLAMATION ENGINEER:

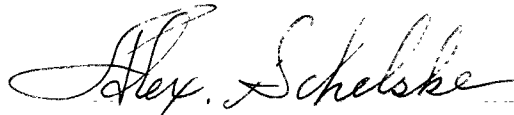

Boise, Idaho

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the

Aberdeen Times of..... Aberdeen, Idaho published in

the county in which the works are situated.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

1234

RECEIVED
FEB 4 1957

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 14th
day of March, 19 57, at Aberdeen, Idaho, County
of Bingham, State of Idaho, before Elmer Isaak, Notary Public, proof will be submitted of the completion
of works for the diversion of 18.4 cubic feet per second of underground
waters from a well, and of the application to beneficial use of said water, in
accordance with the terms and conditions of Permit No. G-23371 heretofore
issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding
said permit are Alex Schelske, Aberdeen, Idaho

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of
conveying to the place of use is 18.4 cubic feet per second.

3. The use to which said water has been applied is Irrigation
purposes, and the amount applied to beneficial use is
18.4 cubic feet per second.

4. The point of diversion of said water is Center of NE $\frac{1}{4}$ & SW $\frac{1}{4}$ of Sec. 14.,
Center of NW $\frac{1}{4}$, SW $\frac{1}{4}$ & SE $\frac{1}{4}$ of Section 15., Township 5 S., Range 30 E., B.M.

5. The place where said water is used is NE $\frac{1}{4}$, S $\frac{1}{2}$ of Sec. 14 and
N $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, S $\frac{1}{2}$ of Section 15 all in Township 5 S., Range 30 E., B.M.

6. The date of priority which said user is prepared to establish is
December 9, 1952.

MARK R. KULP
State Reclamation Engineer

Your Loan RE: #123716 - Schelske

Dear Mr. Marshall:

Relative to your letter of November 8, 1956, and relative to the points of well location connected with the above numbered Permit.

The Permit states that the wells are located in the center of the NE¹ and the SE¹ of Section 15, and the center of the NW¹, SW¹ and SE¹ Section 25.

Permit clearly states that a well is located in the center of each 160 acres, connected with the above numbered permit.

Very truly yours,

Dear Sirs:

Re: #123716 - Schelske

Permit No. G23371 provides for irrigation of land in the NE $\frac{1}{4}$ of Section 14, Township 5 South, Range 30 E.B.M. We know that there is a well in the center of this section, but this permit does not cover a well to be located in this description.

Will you kindly advise if you have permit for a well located in approximately the center of Section 14, Township 5 South, Range 30 E.B.M.

Thanking you in advance, we are

Very truly yours,

J. N. Marshall

Loan #P123716 - Schelske

Dear Sirs:

We understand that there has been a permit for underground water issued to Mr. Alex Schelske and covering the following described property:

The SW $\frac{1}{4}$ of Section 20, Township 6 South, of Range 31 East of Boise Meridian. The NE $\frac{1}{4}$, the SW $\frac{1}{4}$, the W $\frac{1}{2}$ of the SE $\frac{1}{4}$, NE $\frac{1}{4}$ of the SE $\frac{1}{4}$, and the SE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 14; the S $\frac{1}{2}$ and the NW $\frac{1}{4}$ of Section 15, Township 5 South, of Range 30 East of Boise Meridian; in Idaho.

Mr. Schelske advises ^{would} us that the Permit is being held in your office and we therefore appreciate it if you would complete the enclosed form for us giving the information as to the permit itself.

Thanking you in advance for this courtesy, we are

Very truly yours,

J. N. MARSHALL
Assist. Loan Agent.

RE: Permit No. G-23371

Messrs. Potvin & Schou
Phillips Building
American Falls, Idaho

ATTENTION: Mr. Gregg R. Potvin

Dear Mr. Potvin:

In reply to your letter of March 11, in regard to Permit No. G-23371 in the name of Alex Schelske.

Proof of completion of works and beneficial use are due on this permit on or before December 17, 1957; but proof can be made at any earlier date that Mr. Schelske is prepared to make proof on all of the wells. No proof is required, nor can it be accepted on a partial completion on one or more wells.

The original priority date of December 9, 1952 will hold for any time these proofs are made up to December 17, 1957.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Kulp:

Mr. Alex Schelske, of Aberdeen, Idaho, has obtained a water permit for five wells upon his land, one to be finished each year for a period of five years. Will you please let me know by return mail, whether your office has any preference in his proving up on ~~these~~ one at a time, or waiting until all five are finished. Also, any pertinent comments that you might be so kind as to make regarding the relative merits on either the one method or the other.

Very truly yours,

POTVIN & SCHOU

Dear Mr. Schelske:

We acknowledge receipt of your application for permit to appropriate 950 miners inches, or 18.4 second feet of subterranean water, accompanied by your check for \$5.00.

The correct filing fee on this amount is \$9.50, being at the rate of \$5.00 for the first second foot and 25 cents additional for each additional second foot or fraction thereof.

There is, therefore, a balance of \$4.50 required to complete the filing fee.

Very truly yours,

MARK R. KULP

Legal Notice

NOTICE OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 14th day of March, 1957, at Aberdeen, County of Bingham, State of Idaho, before Elmer Isaak, Notary Public, proof will be submitted of the completion of works for the diversion of 18.4 cubic feet per second of underground waters from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-23371 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Alex Schelske, Aberdeen, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 18.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes and the amount applied to beneficial use is 18.4 cubic feet per second.

4. The point of diversion of said water is Center of NE $\frac{1}{4}$ and SW $\frac{1}{4}$ of Sec. 14., Center of NW $\frac{1}{4}$, SW $\frac{1}{4}$ and SE $\frac{1}{4}$ of Section 15., Township 5 S., Range 30 E., B. M.

5. The place where said water is used is NE $\frac{1}{4}$, S $\frac{1}{2}$ of Sec. 14 and N $\frac{1}{2}$ N $\frac{1}{4}$ W, SW $\frac{1}{4}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ of Section 15 all in Township 5 S., Range 30 E., B. M.

6. The date of priority which said user is prepared to establish is December 9, 1952.
