The ~~three~~ wells described in the Application have already been completed and there has been an application of the water to a beneficial use. Bannock Brands Livestock, Inc. and its office have mistakenly under the impression that the well driller, Mr. Joe Gustafson of Idaho Falls, had taken care of the matter at the time each of the wells were completed. This fact was not brought to light until the applicant conferred with some of the ranch and discovered that they did not have the necessary legal permits.

I have enclosed herewith three separate copies of the Application. I am also advising you of the appropriate filing fees for the applications. I will forward them directly to you.

Since the work has already been completed, and the water rights in fact perfected, would you please advise me as to what additional information, etc. is necessary, including the amount of the filing fees.

You will note that no test was taken for the quantity of water claimed for this well although it is estimated to be approximately 2.5 c.f.s.

Gentlemen:

Please be informed that the department has conducted a field examination. Results indicate that an amendment is required for each of the above referenced permits. If you agree with the departments intention to change the original land list, sign and submit the enclosed partially completed forms along with the filing fee of \$5.00 each. Also enclosed is a sketch of the findings of ground irrigated for your assistance.

Upon the remittance of the three amendment forms with the \$15.00 total for processing, the department would be prepared to issue three licenses for a total of 9.92 c.f.s. for irrigation of 532 acres as found being beneficially used under the above referenced permits. The priority date to be established is June 16, 1966 for two of the permits and June 18, 1966 for permit G-33000 due to proof being submitted late.

If at this time you wish to submit the licensing fees in addition to the above mentioned amendment fees, the licenses could be issued shortly. The statutory licensing fee is \$2.00 per subdivision per permit and \$5.00 for each permit for examination and processing. Therefore, the total fee for the amendments and the licensing of the three permits would be \$162.00.

Your prompt attention to this matter will be appreciated.

Application for Amendment

Dear Mr. McEldowney:

I visited yesterday with Attorney Robert St. Clair and he advised me that he had recently discussed with you the procedure for amending applicant's Permit No. G33000.

I have enclosed herewith a check in the amount of \$5.00 payable to the State Reclamation Engineer, an original and one copy of APPLICATION FOR AMENDMENT, original of Form No. 11, and duplicate originals of NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

On June 7, 1967 I forwarded to your office the appropriate forms relating to permits #G 33000, G 33001, and G 33002. Accordingly, final proof has been set up for hearing on Permits G 33001 and G 33002 pursuant to your letter of June 8, 1967.

Insofar as I am filing an amended application on Permit #G 33000, no hearing will be had on this permit until after notice has been published accordingly in the Blackfoot News, Blackfoot, Idaho. You will note this has been set for

Dear Mr. Herzog:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No **s. G-33000, G-33001, and G-33002** in the name of **Bannock Brands Livestock, Inc.**. Final Proof is to be made before you, as Notary on the **12th** day of **July**, 19 **67**, at **xxxxxx** o'clock at **Center Plaza Building, Pocatello**, Idaho.

As of this date, we have mailed the Notice to the **Blackfoot News, Blackfoot, Idaho**, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Re: Permit No. G - 33000; G-33001; G-33002

May 1, 1967

Bannock Brands Livestock, Inc.
c/o Vern E. Herzog, Jr.
Box 1412, Pocatello, Idaho 83201

Gentlemen:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 33000 are due not later than July 15, 1967
33001 " "
33002 " "

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Dear Mr. Bosch:

In accordance with your letter of instruction dated June 16, 1966, I have enclosed herewith a check in the amount of \$17.50 for the three Well Permit applications. I have also enclosed six copies of a plat showing the land to be irrigated and the location of each of the three wells.

I was unable to satisfactorily plat the well locations on the suggested Form #0; however, the plat used has been prepared to scale according to the legend in the right-hand corner. Each of the three wells has been circled in colored pencil: Well #1 appearing at the top of the platted land; Well #2 in the middle; and Well #3 in the lower left-hand section. Each of the wells provides water for that parcel of land indicated by either #1, #2, or #3.

Hoping this will suffice.
