Permit No. 35-2831/G-32922

Dear Mr. McEldowney:

Enclosed please find a completed Application for Amendment together with my check in the sum of \$5.00 with reference to Mrs. Creasman. I do not believe that this is, in fact, an amendment; however, I have prepared the same so the records can be corrected. As you will note, the original application prepared by Mr. Schou reflected that the well was situate in the Northwest Quarter of the Section and the map also reflected that the lands to be irrigated consisted of the Northwest Quarter of Section 10. The only reference to the Northeast Quarter was in response to question 12 on the Application which, of course, was no more than a typing error.

If you concur, then I would assume that is not necessary for the Application. If you are of the opinion that the amendment is still necessary, please process the same.

Dear Mr. Kugler:

We are in receipt of your letter of October 7, 1969, along with the affidavit of proof of beneficial use and the advertising authorization for the above referenced permit. However, we are unable to process these two items.

As the original permits states the place of use as the NE $\frac{1}{4}$, Sec. 10, T. 7 S, R. 30 E, B. M., we must have assigned and approved application for amendment requesting a change to the NW $\frac{1}{4}$, Sec. 10. Therefore, we have enclosed a partially completed application for Mrs. Creasman to sign. The application must be submitted along with a \$5.00 filing fee.

Your prompt attention to this matter would be greatly appreciated, so we may further process this permit.

Re: Permit No. G932922 (New No. 35-2831)

Mrs. Elizabeth Walter Creasman
1023 North Garfield
Pocatello, Idaho

Dear Mrs. Creasman:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney

Re: Permit No. G-32922/35-2831

Elizabeth Walter Creasman
1023 North Garfield
Pocatello, Idaho

Dear Mrs. Creasman:

It appearing to the State Reclamation Engineer that the terms and conditions of Permit G-32922/35-2831 to appropriate the public waters of the State of Idaho, have not been complied with as to failure to submit proof of the application of the water to beneficial use due June 13, 1968,

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the State Reclamation Engineer on or before October 29, 1969 why said permit should not be cancelled.

Permit G-32922/35-2831 claims the use of 3.2 cubic feet per second of water. The point of diversion was to be located in the SW 1/4, Sec. 10, T. 7 S, R. 30 E, B. M., Power County

and the permit was approved June 13, 1966.
