STATE RECLAMATION DEPARTMENT

Utah Power and Light Company
P.O. Box 899
Salt Lake City, Utah 84110

Gentlemen:

Our field examiner's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-32917 shows the well(s) is (are) capable of conveying 1 miner's inches, or 0.02 c.f.s. However, due to the limitations of your permit, we can only allow the amount of water originally requested, the amount of water actually used beneficially, or 1 (one) miner's inch per irrigated acre.

Upon receipt of the statutory fees, totaling \$ 10.00, we will issue the Certificate of Completion of Works for 0.02 c.f.s. and the License and Certificate of Water Right for 0.02 c.f.s. confirming the right, with priority of May 27, 1966 to the use of subterranean water with the point of diversion in SW1SW4, Sec. 34, T. 5 N, R. 36 E, B.M. for domestic use.

Very truly yours,

Dear Mr. Porter:

The legal notice of Proof of Completion of Works and Application of Water to Beneficial Use which you authorized us to publish in the Rexburg Journal should be published in the Rigby Star or another paper in Jefferson County. The law requires, and the attorney general has ruled, that these notices must be advertised in a paper published in the county in which the well is located and the water is used.

We will prepare another notice and send it to the Rigby Star. It will have to be published in that paper once a week for 4 weeks. The date for making proof will still be January 17, 1966.

The cost of the one week's publication which has appeared in the Rexburg Journal will be yours. We have notified them to discontinue the notice.

Gentlemen:

Under your order of approval of the above numbered application, you directed that one-fifth of the work was to be completed by December 13, 1966, and that all of the work should be completed and proof of beneficial use made by June 13, 1967.

I am now able to report that the well has been drilled and that we are now in position to make proof of beneficial use. However, it will not be possible to make such proof ahead of the December 13, 1966, date.

We will proceed with such proof as expeditiously as possible, and, in the meantime, we will appreciate your forwarding us the necessary forms to secure an extension beyond December 13, 1966.

Thanking you, I am,

Very truly yours,

ROBERT B. PORTER

Gentlemen:

This will acknowledge receipt of your letter of May 31, 1966, with respect to our application for a well at our Jefferson Substation. We have completed the map and it now shows the place of use at our substation property and the point of diversion. This point is 368 feet North and 662 feet East of the Southwest corner of Section 34.

We are, therefore, returning the application and the Company's check for \$5.00 together with the map as requested; and we sincerely trust that you will now find the same to be in proper order. In preparing the map, we discovered an inadvertent error in the property description in both paragraphs 4 and 6 of the application and these errors have also been corrected.

Very truly yours,

Dear Mr. *Porter*:

We are returning your application for permit to appropriate the subterranean waters of the State of Idaho. Your application seems to be in good order except you neglected to send the two copies of the map required to show locations of the point of diversion and place of use.

We are enclosing forms for making these maps and upon receipt we will process the application.

Very truly yours,

M. RUSSELL BOSCH

Gentlemen:

I am herewith enclosing an application by which Utah Power & Light Company seeks the right to drill a well at its Jefferson Substation in Jefferson County, Idaho. We believe that the application is self-explanatory and we have attached a financial statement to it. Our check for \$5.00 is also enclosed.

We trust that you will find the application to be in proper form and that we may hear from you soon with respect to it.

Very truly yours, ,
