Dear Mr. Gneiting:

The Department of Reclamation has conducted a field examination of the land and works covered by the above referenced permit and has found additional land being irrigated than was covered by the original permit. In order for this land to be covered under the license, you must amend your permit to include this land.

Enclosed is a partially completed application for amendment. If you agree with the findings of the department, please sign the application and return it with a \$5.00 fee.

The department is prepared to license Permit No. G-29836 for 4.16 c.f.s. of water from a well located within the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 18, T. 2 S., R. 35 E., B.M., in Bingham County. The water is to be used for irrigation of 104 acres within the N $\frac{1}{2}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 18, T. 2 S., R. 35 E., B.M., and E $\frac{1}{2}$ SE $\frac{1}{4}$ Sec. 13, T. 2 S., R. 34 E., B.M. The maximum quantity diverted shall not exceed 364 acre feet per season when combined with all other rights appurtenant to the same land. The priority date established is June 19, 1961. If you agree with these findings, please remit licensing fees of \$15.00 within 30 days of the date of this letter.

Please return the signed application for amendment and a total of \$20.00 in fees as soon as possible.

Dear Mr. Gneiting:

Be informed that the Department has conducted a field examination of the above referenced permit; however, before a certificate and license of water right can be issued, it is necessary that you supply the Department with information to substantiate a need for more than the statutory one miner's inch per acre limitation.

Information must consist of the permeability of the soil, the take-in rate of the soil, and extent of area. This information can be supplied by the county SCS office. Please feel free to contact the Department if you have any questions.

Very truly yours,

Dean R. Reynolds
Field Examiner

Dear Mr. Gneiting:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the BLACKFOOT NEWS, all submitted in proof of completion of works and beneficial use on Permit No. G-29836.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Idaho Falls, Idaho.

Dear Mr. Kidwell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-29836, in the name of Thayne Gneiting. Final Proof is to be made before you, as Notary on the 4th day of January, 1965, at 10:00 o'clock A.M., at Idaho First National Bank Bldg., Idaho Falls, Idaho.

As of this date, we have mailed the Notice to the Blackfoot Daily Bulletin Blackfoot, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

File 225-R

Mr. Gneiting has brought into our office Permit No. G29579 with the request we make final proof of application to beneficial use.

He also states he has Permit No. G29836 with proof to be submitted. We do not have a copy of the permit. He stated it had been delivered to a mortgage company and apparently was misplaced by them. May we be furnished with a photographic copy of Permit No. G29836, which we understand covers property situated in Section 18, Township 2 South, Range 35 E.B.M.

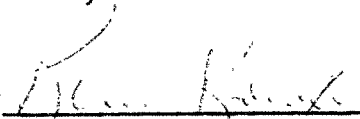

Kindly bill us for the expenses involved.

Then if you will set up the hearings for final proof, we would be happy to work with you on the matter. If you desire you may set it before us as Notary Public, if permissible to have the hearing in Idaho Falls on a permit issued in Bingham County.

Dear Mr. Kidwell:

Returned herewith is the application in duplicate with attached check for \$7.00.

The filing fee for 6 cubic feet per second is \$6.25.

The point of diversion and land list on the application do not correspond to the maps.

Kindly correct the application and return with the proper filing fee.

Your name should appear in the upper right hand corner of the application if you wish all correspondence in regard to the permit to go through your office.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer
