Dear Mr. Williams:

We are in receipt of the affidavit of beneficial use submitted in connection with the above referenced permit.

Please be advised, however, that there is a discrepancy in items 4b and 9 on the affidavit. Under item 4b, you have listed the point of diversion as being in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 12, T. 3 S, R. 32 E, B.M.; whereas, your permit lists it as being in the center of the NE $\frac{1}{4}$, Sec. 12, T. 3 S, R. 32 E, B.M. Under item 9, you have listed the place of use as being in the NW $\frac{1}{4}$, Sec. 12, T. 3 S, R. 32 E, B.M.; whereas, your permit lists it as being in the NE $\frac{1}{4}$, Sec. 12, T. 3 S, R. 32 E, B.M. If the point of diversion and the place of use is indeed as you have listed it on the affidavit, you will be required to apply for an amendment to the permit. We are enclosing an amendment form for your use in this matter.

We are withholding further processing of your permit until we have a response from you on this matter.

Dear Sir:

X We are sorry for the above error. I have lost my copies of 3 water permits and have described the wrong one in the request above. Therefore would you please send me copies of these permits. They will be listed in the name of Neal Williams or Cornelious Williams, and are all in Sec. 12 T. 3S R 32 EBM. If there is a charge for this please bill me and I will send a check. Upon receipt of the permits I can make the necessary corrections and will return the application for amendment. One of the three wells has not been proved on and I would like to do this also.

Sincerely,

Dear Mr. Williams:

One of the conditions of the approval of your Permit No. G-32575/35-2795 was that proof of application of the water to beneficial use be submitted to this office on or before October 29, 1970.

Re: Permit No. G-32575/35-2795

Mr. Neal Williams
Pingree,
Idaho

Dear Mr. Williams:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor
