Re: Permit No. G-32070

American Potato Company
Box 592
Blackfoot, Idaho

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney

ATTENTION: Mr. C.B. Cannon - Telephone call 9/10/64

Dear Mr. Cannon:

Enclosed are three sets of Forms # 3, Applications for Permits, to be used when filing on Idaho subterranean waters. One is to be completed for recording the three wells you now have drilled and in production and the other two sets are for future filings if needed.

Also enclosed are instructions and an excerpt of the Idaho Ground Water Statutes. Please read carefully as this is the basic information necessary to file on water.

Our records show that Mr. Findlay has not sent in the well logs of your wells. Since Findlay has been very lax in cooperating with this office both in obtaining an operator's license and in supplying logs of wells he has drilled, we would appreciate your assistance in urging Mr. Findlay to send us the logs of your wells promptly.

You will find the filing fees described on Page 1 of the folder "Regulations and Instructions." Please attach check for fees to the application when you send it in to this office.

Very truly yours,
