Dear Keith:

The above Permit was issued by your office prior to the enactment in 1967 of various modifications of the law with respect to licensing procedure, and we are now prepared to make our final proofs. Is it the policy of your office in such cases to take proof of completion of works and application of water to beneficial use under the provisions of Idaho Code Secs. 42-214 and 42-217 as they were prior to 1967, or is it your policy to take such proof in the manner now provided by Idaho Code Sec. 42-217?

If in such cases you are following the previous procedure, we shall proceed as before. If, however, you have chosen to follow the new procedure in such cases, then we request that you forward to us the appropriate forms.

We await your reply.
