Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-31137 shows the well is ~~(are)~~ capable of conveying 58.5 miner's inches, or 1.17 c.f.s. of water for the irrigation of 64 acres.

Upon receipt of the statutory fees, totaling \$9.00, we will issue the Certificate of Completion of Works and the License and Certificate of Water Right confirming the right, with priority of May 20, 1963, to the use of 1.0 second feet of subterranean water with the point of diversion in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 31 for irrigation of 64 acres in the W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 31, T. 2 S., R. 34 E., B.M.

Dear Mr. Tappan:

Mr. Murdock has brought me your letter of September 4 calling attention to our clerical mistakes in describing the land irrigated under the above permit.

The proofs were made before me as a notary and we are responsible for the error in descriptions in writing up the proofs.

The lands irrigated are correctly described in the permit and the notice of proof so that it is only necessary for us to correct these depositions.

If you will return them to me we will make the proper corrections and return them to your office.

Dear Mr. Murdock:

You were notified by letter dated Sept. 4, 1964 that the land you described on your depositions of completion of works and beneficial use of the water was different from the land shown on your permit.

You show irrigation of land in W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 31, whereas the point of diversion is shown as in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 31. The point of diversion agrees with the permit, however the land on the permit is W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 31.

We have not heard from you.

Advise promptly the correct description of the land or the depositions will be declared void and returned to you.

D. L. Murdock

Mr. D. L. Murdock
Route # 2
Blackfoot, Idaho

Dear Mr. Murdock:

This will acknowledge receipt of your Proof of Application of Water to Beneficial Use and Completion of Works. However, there are discrepancies in your deposition, the two witness depositions, and the Permit.

You and the witnesses state the land as being in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ and the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 31, T2S-R3E-BM. The Permit has it listed as the NW $\frac{1}{4}$ SE $\frac{1}{4}$ and the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 21, T2S-R3E-BM. The Notice as published has it listed the same as the Permit.

If you have changed the land list, this will require an amendment to the permit and will also require that the Notice be published again.

The cost for amendment is \$1.00 and we are enclosing a form for this use. If the above discrepancy was a typographical error no amendment will be needed. Please advise promptly.
