NOTICE OF PROOF OF COM- PLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that on
the 17th day of July 1967, at
Aberdeen, County of Bingham,
State of Idaho before Elmer Isakk
Notary Public, at Canal Co.
office, Aberdeen, Idaho, proof
will be submitted of the comple-
tion of works for the diversion
of 6 cubic feet per second of
underground water from a well,
and of the application to beneficial
use of said water, in accordance
with the terms and conditions of
Permit No. G-30614, heretofore
issued by the Department of
Reclamation of the State of Idaho.

1. The name and postoffice
address of the person or cor-
poration holding said permit is
Ronald B. Foster, Aberdeen,
Idaho.

2. Said works of diversion will
be fully completed on the date
for such completion, and the
amount of water which said works
are capable of conveying to the
place of use is 6 cubic feet per
second.

3. The use to which said water
has been applied is irrigation
purposes and the amount applied
to beneficial use is 6 cubic feet
per second.

4. The point of diversion of
said water is SW1/4SE1/4 of
Section 16, Township 6 South,
Range 30 E.B.M.

5. The place where said water
is used is SW1/4 and SE1/4
of Section 16, Township 6 South,
Range 30 E.B.M.

6. The date of priority which
said user is prepared to establish
is August 15, 1962.

LICENSE OF WATER RIGHT

License of Water Right No. 30614/35-2717 Priority August 15, 1962 Amount 5.29 cfs

THIS IS TO CERTIFY, that RONALD B. FOSTER
of Aberdeen, Idaho, has complied with the terms and conditions of Permit
No. 30614/35-2717 issued pursuant to Application for Permit dated August 15, 1962,
and has submitted proof to the Department of Water Administration on July 17, 1967,
that he has applied water to a beneficial use; an examination by the Department indicates that the
works have a capacity of 5.29 cfs, and that the water has in fact been applied to a
beneficial use; a right to the use of water from a ground water source
tributary of _____, is hereby confirmed in the following amounts:

Amount 5.29 cfs for Irrigation from April 1 to Nov. 1 (both dates inclusive)

Amount _____ for _____ from _____ to _____ (both dates inclusive)

Amount _____ for _____ from _____ to _____ (both dates inclusive)

Subject, however, to the condition that no more than 5.29 cfs of water be diverted at
any one time, said waters to be diverted within the _____

SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 16, Twp. 6 S, Rge. 30 E, B.M.

in the county of Bingham; and that the amount of water so diverted and to which such
right is entitled and confirmed is for the purposes aforesaid and is limited to the amount which can
actually be beneficially used and shall not exceed 1,050 acre feet per year or _____
3.5 acre feet per acre.

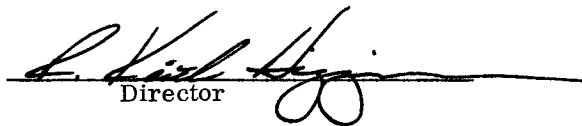

Description and location of place of use:

TWP.	RANGE	SEC.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				TOTALS

APPLICATION FOR PERMIT To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 38687
Permit No. G- 30614
District No.

1. Name of Applicant: Ronald B. Foster
Postoffice address: Aberdeen County: Bingham State: Idaho
2. Quantity of water claimed: 6 c.f.s.
(a) Rate of withdrawal in cubic feet per second or Idaho
Miners' inches or gallons per minute
(b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean
4. Location of point of diversion or well is in the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 16
Twp. 6 So. , Rge. 30 E. , B.M., County of Bingham
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
(a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
(b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Drilled deep well, pump & motor - steel mainline & sprinkler laterals
8. Estimated cost of works: \$ 27,000.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.
11. If applicant is a corporation, give:
I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: none.
(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
(b) 6.0 (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Dear Mr. Foster:

A representative of this department has made an examination of the works covered by your Permit No. 30614/35-2717 and has found the following:

Quantity of water diverted: 5.29 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 5.29 cfs

The maximum quantity of water diverted shall not exceed 1.050 acre feet per season.

Beneficial Use: Irrigation of 300 acres within the S $\frac{1}{4}$ Sec. 16, Twp. 6S,
Rge. 30E, B. M.

Point of diversion: SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 16, Twp. 6S, Rge. 30E, B. M.

The priority date established is : August 15, 1962

A fee totaling \$ 21.00 must be received within 30 days from the date of this letter in order that we can issue you a Water License as set forth in this letter.

Very truly yours,

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Sir:

Re: Permit No. G-30614 35-2717

In correspondence during August of last year it was decided that the final completion of the above Permit in the name of Ronald B. Foster would be held up until an examination could be made of the facilities when a booster pump is in operation. Mr. Foster states that he is using the booster pump at the present time and will be doing so for several weeks now.

Sincerely,

Elmer Isaak

Attn: Dean R. Reynolds
Field Examiner

Dear Mr. Reynolds:

This letter is in answer to your letter of August 7th regarding the field examination of Permit No. G-30614 for Mr. Ronald B. Foster. Mr. Foster had asked the Department that he be contacted when the exam was made so that the examiner would be aware of an additional booster pump that is used in the well during the peak irrigation periods of the summer. From the information in your letter of 3.98 c.f.s., it appears that the booster was not in use during the time of examination. From the information supplied Mr. Foster, the well will produce about 2257 gpm when both pumps are being used.

5.029 cfs Would it be possible to hold up the completion of this Permit and get an exam that will include the booster? Because of costs involved with power demands etc., the booster will not be used any more this season.

Sincerely yours,

Elmer Isaak

Dear Mr. Isaak:

Thank you for your letter of August 6, 1968. The Department of Reclamation has two field examiners in the field for inspections but the vast area and enormous number of inspections throughout Idaho has created a temporary backlog of examinations.

In reference to Permit No. G-30614 for Mr. Ronald B. Foster, the department has completed the exam, however, the examiners report has not been completed or computed as of this time. Before a fee letter may be sent the exam must be checked.

In examining the lands and point of diversion under the permit, the examiner found 314 acres being beneficially irrigated from one well in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, sec. 16, T. 6 S, R. 30 E, B.M. by use of a sprinkler system applying approximately 3.98 cubic feet per second to the S $\frac{1}{2}$, sec. 16, T. 6 S, R. 30 E, B.M.

Please contact this department if you need any further assistance.

Very truly yours,

Dean R. Reynolds
Field Examiner

Dear Mr. Foster:

We acknowledge receipt of the depositions and affidavit of publication in the
Aberdeen Times submitted as proof of com-
pletion of works and beneficial use on Permit G-30614.

Before a certificate and license of water right can be issued, a field examination must be made by a representative from this department. We cannot tell just when this examination will be made, but our field examiner will try to contact you at the time he makes the examination so that you may show him the system.

Ques. 1. State your name, residence occupation and postoffice address: _____

Ronald B. Foster, occupation-farmer, at Aberdeen, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf: _____

Ques. 3. State number, approval date of permit, and date of priority: _____

G-30614, approval date of August 31, 1962, priority of August 15, 1962

Ques. 4. State source of water supply: underground through deep well
Give location of point of diversion, showing subdivision, section, township and range

SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 16, Township 6 South, Range 30 E.B.M.

Ques. 5. Describe your works of diversion: deep well turbine pump

and sprinkler system; state amount of water they are capable of conveying from point of diversion to place of use: 6 CFS; Give name of canal or ditch

or other works by which water is conducted to such place of use: none

_____ ; if a well, state depth of well 300 ft.; depth and size of casing ~~10" x 10" x 10" x 10"~~
18" - 11 feet; depth to water 230 feet; if pump is used,

state discharge of pump: 2600 gpm; tell how it was measured or determined _____

estimate by size of flow; if sprinkler irrigation, give number and size of nozzles and operating pressure: 384 nozzles - size 11/64- operating pressure of 45 lbs.

Ques. 6. State for what purpose water is used: irrigation

(If for irrigation, name each subdivision in which used and number of acres in each subdivision that have actually been irrigated with said water:

sprinkler irrigation which irrigates the entire south half of

Section 16, Township 6 South, Range 30 E.B.M. (320 acres)

R. B. Foster

30614

State nature of all improvements which have been made as a direct result of said use:

was dry-farmed before water - now is row cropped

Ques. 6-a: If this is a ground water permit, give name and address of person that drilled the well: Guy Chshman - Blackfoot, Idaho

Ques. 7. If for other than irrigation purposes, show full legal description of place of use and state purpose for which water is used:

none

Ques. 8: If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder:

Quest. 9: State when and in what amount the water diverted under above mentioned permit has been first used: May-1962 - Time used since first use:

entire amount of water has been used the entire irrigation
seasons 1962 through 1967.

Ques. 10. Describe all other water rights appurtenant to same place of use: _____

None

DEPOSITION OF WITNESS

The deposition of two witnesses on this form, taken separately, required in each case.

Ques. 1 State your name, age, residence, occupation and postoffice address:

H. J. Christiansen, age - 36, occupation-implement dealer
residence and address is Aberdeen, Idaho

Ques. 2 Are you acquainted with Ronald B. Foster, the holder of
Permit No. G-30614? How long have you known him and where does he reside?

I have known him 6 years and he ~~xxx~~ lives in Aberdeen, Idaho

Ques. 3. Have you read or heard said Permit No. G-30614 read, and are you familiar
with its provisions and conditions: Yes XXXXX No.

Ques. 4. State source of water supply: underground through well

Give location of place of diversion, showing subdivision, section, township and range
SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 16, Township 6 South, Range 30 E.B.M.

Describe works for conveying water to place of use: deep well pump
pumping water into a sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct
to place of use: 6 second feet How much water have you seen being so
conveyed? I have seen approximately 6 second feet being used.

Ques. 6 If for irrigation, show number of acres irrigated in each subdivision, giving
full legal description:
320 acres-the entire SE $\frac{1}{4}$ and SW $\frac{1}{4}$ of Section 16, Township
6 South, Range 30 E.B.M. is irrigated with the sprinkler system.

30614

Ques. 7. If for other than irrigation purposes, show full legal description of place of use, and state purpose for which water is used.

none

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.
the land is silty loam soil and will need about 6 second
feet for good cultivation.

Ques. 9. Have you any ownership interest in the works, water or lands above mentioned?
If so, in what way and to what extent? none

Ques. 10. When did you first see this water used? irrigation season of 1962
Other times you have seen such use: each irrigation season since first used.

Re: Permit No. G-30614

Ronald B. Foster
Aberdeen, Idaho 83210

Dear Mr. Foster:

This acknowledges receipt of the notice of intent to make proof of completion of works and application of water to beneficial use for permit G-30614.

We have mailed the notice to ~~the~~ The Aberdeen Times, Aberdeen, Idaho, to be published once a week for four consecutive weeks prior to July 17, 1967, which is the hearing date when the permit holder Ronald B. Foster, Aberdeen, Idaho, and two disinterested witnesses must appear before Elmer Isaak, Canal Co. Office, Aberdeen, Ida notary public, to complete the enclosed depositions. The witnesses must be familiar with the works and permit.

After the hearing, the depositions and an affidavit of publication must be submitted to this office. The affidavit may be obtained from the newspaper when the advertising bill is paid by Ronald B. Foster. Be sure all the forms have the notary's seal and are signed.

Please feel free to contact us if we may be of any assistance.

Very truly yours,

Donald W. McEldowney

Re: Permit No. G - 30614

June 1, 1967

Mr. Ronald B. Foster
Aberdeen, Idaho

Dear Mr. Foster:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 30614 are due not later than Aug. 21, 1967

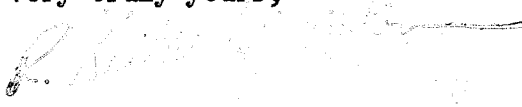

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

STATE RECLAMATION ENGINEER

Enc. Form 36 and 11

cc:

30614

Re: Permit No. G-30614

August 28, 1962

Mr. Ronald B. Foster,
Aberdeen, Idaho.

Dear Mr. Foster:

We enclose Permit No. G-30614 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-7264 which was issued covering payment in the amount of \$ 6.25 for the filing fee of the above mentioned permit. ~~enclosed for your~~

Well logs are an important part of your recorded water right and State Statutes require that well drillers' supply logs on all wells, whether irrigation, domestic, drain or stock wells, to be filed in the Department of Reclamation. In view of the rapidly increasing demand for ground water, the lowering of the ground water level, and the creation of critical ground water areas, it is important that you, as owner, make sure a log on your well is filed in this office.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer
