Re: Application for permit L. Keith Duffin.

Dear Mr. Thomas:

I am returning Mr. Duffin's application with the correction on the range. I have also reduced the quantity of water to 160 miners inches. I know of no regulation requiring this reduction in the quantity of water claimed, however, to eliminate any delays in the approval of this application I have complied with your request.

Thank you,

Dear Mr. Williams:

Returned herewith is the application for permit with Mr. Duffin's check for \$5.75 attached.

The quantity of water claimed is 200 miners inches whereas the land list shows 160 acres and the data on the maps indicate that the amount of water through the sprinkler system will probably be about 150 miners inches.

The application shows the land in Rge. 30 E whereas the maps show Rge. 34 E.

Kindly correct and return for processing.
