Re: Proof of Beneficial Use for Water Right Permit No. 61-7738

On June 7, 2006, Theodore & Rita Hoffman filed a Request for Extension of Time ("request") with the department. With the request they paid \$100.00 as reflected by receipt no. C081429. I notified the Hoffmans that the filing fee was not correct and asked them what they wanted to do to correct the problem. They instructed me that they had wanted to file a Proof of Beneficial Use ("proof"), which the \$100.00 filing fee would have been correct. I returned their request and have now received their proof. I am notifying you that the Request for Extension of Time account may need to have \$100 deducted, and the money credited to the Proof of Beneficial Use account. I am attaching a copy of the receipt for your convenience if you do need to make the changes to these accounts.

If you have any questions, please contact me at extension 4942. Thank you.
