RE: Water Rights Application Comments

Dear Mr. Ogden:

The Idaho Department of Environmental Quality ("Department") has reviewed our existing water quality information near your proposed project site identified in Application 72-16692.

The Department does not have any existing water quality information near your proposed point of diversion. The Department believes with proper screening of your diversion and using only the water appropriated through this right, beneficial uses should not be altered from their present condition.

We do not have any other substantive comments at this time.

Please do not hesitate to contact me at 208.528.2650 for additional information we may be able to provide.

Thank you for the opportunity to review your application.

Sincerely,

Troy Saffle
Regional Water Quality Manager
Idaho Falls Regional Office
