RE: Water Rights Application Comments

Dear Mr. and Ms. Bullock:

The Idaho Department of Environmental Quality ("Department") has reviewed our existing water quality information near your proposed project site identified in Application 72-16699.

The Department does not have any existing water quality information near your proposed point of diversion. We do not believe your use of water will have a negative impact on Challis Creek.

We do not have any other substantive comments at this time.

Please do not hesitate to contact me at 208.528.2650 for additional information we may be able to provide.

Thank you for the opportunity to review your application.

Sincerely,

A handwritten signature in black ink, appearing to read "Troy Saffle".
