RE; Permit No. 35-9085

Dear Deborah J. Gibson

In response to your letter dated June 23, 2006, on paragraph six, I made a mistake in putting down (1.01-2.00) for cfs. I know we used less than that because at the time there were only sixteen homes in the project using water.

Paragraph # seven "Measuring Device Requirement", we now have two 6" flow meters costing \$2142.48 each installed on both wells.

I really don't know why I did not receive the certified mail you sent. The post office box is a good address for mail I receive in Idaho. My daughter picks it up and forwards the mail to me wherever I am at the time. But in the future you can use my St. George, Ut. address which is 165 South 2170 East St. George, Ut 84790. We also have a home in Blackfoot, Id. but we are only at this address during some of the summer months.

Sincerely,

Earl Mecham
