These applications propose the diversion and use of water tributary to, or directly from, the Salmon River Wild & Scenic River. The decreed minimum stream flow rights for the federal Wild & Scenic Rivers are subordinate to certain categories of water use and to specific amounts of water use established after the minimum stream flow. The water use proposed in these applications will benefit from the subordination provision because they are for domestic purposes. For specific details regarding an application, please contact IDWR Southern Regional Office at 208-736-3033 or visit www.idwr.idaho.gov with detail provided under "New Water Right Applications". Permits will be subject to all prior water rights. Protests may be submitted based on the criteria of Sec 42-203A, Idaho Code. Protests against approval must be filed with IDWR, Southern Region, 1341 Fillr St., Suite 200, Twin Falls, ID 83301 with a protest fee of \$25.00 for each application on or before July 3, 2006. The protestant must also send a copy of the protest to the applicant.
