RE: Water Right Permit No. 67-02390

Dear Permit Holders:

Upon final review of the proposed license for Rt. 67-02390 it was determined that we needed to have a measurement of the ditch that is located between Summercamp Creek and Fairchild Reservoir #1. The measurement was made on April 19, 2006, and it was determined that we needed to revise the licensing amendment for this right before a license could be issued.

Enclosed you will find a revised licensing amendment for Rt. 67-02390 that needs to be signed and returned to our office so that we can finalize the licensing of the permit. There is no fee required for this amendment since the fee was paid in November of 2005. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it to our office within 14 days.

If you have any questions regarding the revised amendment, please do not hesitate to contact me at (208)287-4953.

Sincerely,

A handwritten signature in black ink that reads "Kay Walker". The signature is fluid and cursive, with the first name "Kay" and last name "Walker" clearly distinguishable.
