Dear Mr. Katseanes:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the BLACKFOOT NEWS, all submitted in proof of completion of works and beneficial use on Permit No. G-29076.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

RE: Permit No. G-29076

Andrew Katseanes
Route #2
Blackfoot, Idaho

Dear Mr. Katseanes:

Returned herewith is your publication notice for the above referred permit.

It is noted that you have listed the S $\frac{1}{2}$ of Section 2, T. 2 S., R. 33 E.B.M., while the permit lists only the SE $\frac{1}{4}$ of Section 2. Therefore, if you have added the SW $\frac{1}{4}$ to be irrigated by this permit we will require an amendment to the permit prior to publication.

The recording fee for each amendment is \$1.00 and the forms are enclosed. If the permit is correct the notice will have to be corrected.

Please make the necessary corrections and/or amendment and return promptly.

Very truly yours,

Re: Permit No. G - 29075; 29076

Andrew Katzevich

Thomas, Idaho

Dear Mr. Katzevich:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 29075 are due not later than Oct. 20, 1965
G-29076

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

STATE RECLAMATION ENGINEER

Dear Mr. Katseanes:

Enclosed are two Forms 36, one Form 11, with instructions,
as requested by your letter of March 17.

You will note that the notice calls for completion of works
and beneficial use of the water. You should not make the proofs
before you have actually used the water beneficially to raise a crop.

Permit No. G-29076 ✓

Mr. Andrew Katscanos,
Thomas, Idaho.

Dear Mr. Katscanos:

We enclose Permit Nos. G-29075 and G-29076 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-5280 which was issued covering payment in the amount of \$11.50 for the filing fee of the above mentioned permits.

You will note, under Question 10, that we have changed the required time for completion of works and complete application of the water to the proposed use to five years. However, you may make the required proofs at any time you are prepared to do so within that time.

RE: Application for Permit

Andrew Katseanes
Thomas, Idaho

Dear Mr. Katseanes:

Your two applications for permit to appropriate subterranean water to irrigate the SE $\frac{1}{4}$ and the SW $\frac{1}{4}$ of Section 2, Township 2 South, Range 33 East have been received without the filing fees.

The fee for each application is \$5.75 and \$11.50 for both applications. The two applications can be combined into one application to appropriate 320 miner's inches for which the filing fee is \$6.50.

Kindly remit the proper filing fee.
