Dear Mr. & Mrs. Michaelson:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. G-28105. The proofs are to be made at 10:00 o'clock A.M., on the 7th day of December, 1964, before W. C. Loofbourrow, American Falls, Idaho, Notary Public.

As of this date, we have mailed the Notice to the Power County Press American Falls, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Dear Mr. Loofbourrow:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G-28105 are due not later than August 14, 1964.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

State Reclamation Engineer

Dear Mr. Loofbourrow:

Depositions may be made by Mr. Jensen in California and the two witnesses in Idaho. The notice must be typed showing the hour, date, etc. for Mr. Jensen to make his depositions before _____, Notary Public at _____, and (at hour, etc.) his two witnesses, etc.

It would be simpler if the same hour and date could be used in both places, so it would not have to be repeated. The notice would be published only in the county paper.

A copy of this letter is being sent to Mr. Jensen so he can notify you of the name of the Notary and the hour and date he can appear. That date should be set about the middle of October to allow plenty of time for mail time and the four publications.

The witnesses should read the permit before making their depositions and probably Mr. Jensen could have some notes to refresh his memory.

Water has been applied to beneficial use under this permit and
Mr. Jensen is in the office now, but intends to go back to California
soon and he will not be here long enough to advertise for hearing
before a Notary here.

Will you accept proof made before a Notary Public in California.
If so, please send proper papers to Mr. Jensen at the above address

P. S. Mr. Jensen's testimony to be taken before a Notary in California
and the two witnesses to testify before a Notary Here. Assume this would
require a publication here and in California.

Could we run a notice of two hearings in the paper here that would
satisfy your requirements. That is, that on certain date and hour
two witnesses would be heard here in American Falls, before me as Notary,
and Mr. Jensen would appear before a Notary In California?
