Gentlemen:

Following is a brief of all ground water filings in Jefferson County in the name of Charles E. Browning and J. Ed Browning and Son, Inc.

G-25582

Licensed on July 10, 1957 to Charles E. Browning - for 4.0 c.f.s. -
Priority April 7, 1955 - Appurtenant to W $\frac{1}{2}$, Sec. 32, T. 4 N., R. 37 E.
Point of Diversion in center of W $\frac{1}{2}$, Sec. 32, T. 4 N., R. 37 E.

G-26875

Filed April 24, 1957 for 6.4 c.f.s. from a well to be drilled in the
NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 33, T. 4 N., R. 37 E. and made appurtenant to the N $\frac{1}{2}$, Sec.
33, T. 4 N., R. 37 E. Proofs were made on September 10, 1957 by Tamco
Inc. and inspection, as required by law, was made on May 14, 1958 and
report turned in.

A copy of the enclosed letter advising that the point of diversion be amended,
and that on receipt of the amendment and statutory fees license would be issued,
was sent to A. A. Merrill July 8, 1958.

There is nothing in the files that shows any action was taken following this
letter.

Next of importance regarding this permit was your letter of June 11, 1959 in

28008

Page 2 - continued

which you requested it be amended to include additional lands and that it be assigned to J. Ed Browning and Son.

Later, on September 17, 1959, an assignment from Tamco, Inc. to J. Ed Browning and Son, Inc. was received in this office and recorded in Book 95 of Permits at Page 26875 on October 27, 1959. The assignment was then sent to Mr. A. B. Wheeler, Executive Vice President of the Bank of Idaho, Box 1009, Boise, Idaho

This permit manifestly cannot be licensed for additional lands requested nearly two years after the proofs were made.

The fees and amendment to the point of diversion should be submitted and this permit brought to license as is, and then transfer of the water to additional lands be made by use of Statutory Provision 42-222, Idaho Code. It can be brought to license in the name of J. Ed Browning and Son, Inc. The application for amendment to the point of diversion may be signed by St. Clair, St. Clair and Hansen as agent.

G-28008

Filed April 15, 1959 in the name of Tamco, Inc. for 6.4 c.f.s. - Appurtenant to the S $\frac{1}{2}$, Sec. 33, T. 4 N., R. 37 E., with point of diversion in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, of said Sec. 33.

This was assigned from Tamco, Inc. September 17, 1959 to J. Ed Browning and Son, Inc. A copy of the assignment was sent to A. B. Wheeler, Executive Vice President of the Bank of Idaho, Boise. The permit was also sent to Mr. Wheeler.

Proofs are due July 9, 1964.

G-28009

Filed April 15, 1959, for 6.4 c.f.s. - Appurtenant to the N $\frac{1}{2}$, Sec. 34, T. 4 N., R. 37 E. with point of diversion in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 34, T. 4 N., R. 37 E.

Assigned from Tamco, Inc. September 17, 1959.

Proofs are due July 9, 1964.

There has been considerable correspondence regarding these permits. If this does not fully explain do not hesitate to write me regarding this.

Dear Mr. St. Clair:

The applications for permit will be approved in the name of Tamco, Inc. This office has not received the forms for the assignment of the approved permits. It was ordered by Mr. A. A. Merrill that the permits be sent to Mr. A. B. Wheeler, Bank of Idaho, Boise, and we agreed to include two blank assignment forms. Mr. Wheeler paid the fees for the two permits.

The assignment form can be used for more than one permit. The fee for recording the assignment is \$0.50 for each permit.

Dear Sir: -

I am in receipt of a copy of a letter which you mailed to St. Clair & St. Clair today relative to applications G-35830-G35831. You seemed to have the erroneous idea that my memory is not correct in the issuance of these applications.

I call your attention to the fact that in the first instance you sent me the wrong forms. I filled the forms out correctly, you sent them back with corrected forms. I filled those out correctly and what you did with them from then on I do not know. If anybody has a lapse of memory in the premises it is you and not me. You may govern yourself accordingly.

Most sincerely yours,

A. A. Merrill

Dear Mr. St. Clair:

Enclosed are two applications for permit in the name of Tamco, Inc., a corporation, covering lands in the S₂, Sec. 33, and N₂, Sec. 34, T. 4 N., R. 37 E. These forms have been completed in this office from applications submitted by Mr. A. A. Merrill on the wrong forms.

Kindly check the applications to see that the lands and points of diversion are correct and also see that some one authorized to sign for Tamco, Inc. signs the applications as agent on Page 3 of each application. Return both applications, with two sketches each, to this office, as soon as possible.

This is the second set of these forms that have been prepared in this office and any future lapse and recurrence of memory such as Mr. A. A. Merrill seems to have had will be corrected by some one outside of this office. Two forms of assignment of Permit will be sent to Mr. A. B. Wheeler with the approved permits.

Dear Sir:

We have your letter of May 20, 1959 in connection with above mentioned water applications.

Mr. A. A. Merrill did not give the papers to us, and he was contacted this afternoon and advised that he was mistaken. He gave us a water License and another Water Permit. Merrill also advised that he wrote Ralph Thomas of your department on April 22, 1959, enclosing the signed applications, and requested your department to deliver them to Mr. A. B. Wheeler of Boise.

If you haven't received them possibly it would be advisable for you to contact Mr. Wheeler and if he doesn't have them then write Mr. Merrill again. Ultimately our office must receive the completed permits in the name of J. Ed Browning & Son, Inc.

Thanking you for your early attention, we are

Dear Mr. Merrill:

Enclosed are two applications on Form 3 for permits to appropriate subterranean water. The forms have been typed in this office from the two applications you submitted on Form 1 which applies only to surface water. The maps did not show the township and range which we have inserted. You requested no time for completion of works and beneficial use of the water which makes the proofs overdue before the applicant could receive the permits. Five years has been inserted, however the proofs can be made at any prior time after the permit has been approved.

Application numbers have been given to these applications on the request of Mr. A. B. Wheeler.

Check the forms, correct as necessary, sign on page three, and return them promptly to this office.
