Re. C-27389

Dear Mrs Schatz:—

We were unable to return and check the pressures and nozzle sizes of the sprinkler system as requested by your son at the time he suggested.

If the pump lifts the water 210' and the motor operates at a 10 per cent over load the system can deliver approx. 145' to 150 inches of water.

~~Unless you~~
Accordingly I am turning in a report recommending a license be issued for 3 cfs or 150 inches.

If you feel that your system produces more and therefore want it measured write us right away requesting it ✓27389

before I turn in the
report for processing.

Please address the letter
"attention R. Thomas".

Yours t.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. G-27389

Mrs. Beda Schatz
American Falls, Idaho

Dear Mrs. Schatz:

We acknowledge receipt of the Deposition of Holder and two witnesses, also the affidavit of publication in the Power County Press, all submitted in proof of completion of works and beneficial use on Permit No. G-27389.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

RE: Permit No. G-27389

Mrs. Beda Schatz
American Falls, Idaho

Dear Mrs. Schatz:

We were unable to return and check the pressures and nozzle sizes of the sprinkler system as requested by your son at the time he suggested.

If the pump lifts the water 210 feet and the motor operates at a 10 per cent over load the system can deliver approximately 145 to 150 inches of water.

Accordingly I am turning in a report recommending a license be issued for 3.0 cubic feet per second or 150 inches.

If you feel that your system produces more and therefore want it measured write us right away requesting it before I turn in the report for processing.

Please address the letter "Attention: Ralph W. Thomas".

Very truly yours,

Dear Mrs. Schatz:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-27389. The proofs are to be made at 2:00 o'clock P.M., on the 3rd day of August, 1959, before W. C. Loofbourrow, Notary Public.

As of this date we have mailed the Notice to the Power County Press with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Re: Permit No. G-27389

Mrs. Beda Shatz
American Falls,
Idaho

Dear Mrs. Shatz:

We enclose Permit No. G-27389, in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose departmental receipt No. G-3323, which was issued covering payment in the amount of \$6.00, for the correct filing fee. Since your money order was in the amount of \$6.50, we are refunding fifty cents as over payment of the filing fee.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
