Re: Permit No. G-27307

Mr. Emanuel Schritter,
Aberdeen, Idaho.

Dear Mr. Schritter:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-27307. The proofs are to be made at 1:30 o'clock P.M., on the 15th day of March, 1963, before Elmer Isaak, Canal Co. Office, Aberdeen, Idaho., Notary Public.

As of this date we have mailed the Notice to the Aberdeen Times Aberdeen, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

Re: Permit No. G- 27307

Date: February 1, 1963

Emmanuel Schritter
Aberdeen, Idaho

Dear Mr. Schritter

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G-27307 are due not later than

April 3, 1963

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

Dear Mr. Schritter:

We enclose Permit No. G-27307, in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

You will note that we have changed the required time for completion of works and complete application of the water to the proposed use to five years. However, you may make the required proof at any time you are prepared to do so within that time.

We also enclose departmental receipt No. G-3228, which was issued covering payment in the amount of \$5.25, for the filing fee of the above mentioned permit.

Very truly yours,

Re: Application for Permit

Mr. Emanuel Schritter
Aberdeen, Idaho

Dear Mr. Schritter:

This will acknowledge receipt of the Application for Permit to appropriate the Subterranean Waters of the State of Idaho, for 1.47 cubic feet per second or 1100 gallons per minute through a well.

Your application is in due form, except you did not answer Question (13), which states - "Existing water rights and/or valid permits appurtenant to the lands to be irrigated are" - If you have any water rights appurtenant to the lands filed on under this application, state the amount of water and from what canal company or project.

We are returning your check to the amount of \$5.00 and will request that you substitute same and send us a check for \$5.25, which is the correct filing fee on 1.47 cubic feet per second, based at the rate of \$5.00 for the first cubic foot and twenty-five cents for each additional second foot or fraction thereof.

Very truly yours,
