Wayne E. DaBell
P. O. Box 70
Moreland, Idaho

Dear Mr. DaBell:

We have our field examiner's report on the works under the two permits noted above. Both permits show the same point of diversion.

The report shows that you are diverting 262 miners inches or 5.24 c.f.s. from a well in NW¹/₄ Sec. 6, to irrigate 360 acres of land in SW¹/₄, SE¹/₄, S¹/₂, Sec. 6, T. 3 S., R. 32 E.

Permit No. G-27146 shows the place of use as S¹/₂, Section 6, and G-27302 shows the place of use in part of N¹/₂, Section 6. The report also shows that you want to use G-27146 for all the water and the land. That will require an amendment to the land list under G-27146 and as there will not be any water for G-27302, that permit should be relinquished.

Complete the enclosed amendment to the land list, have Mrs. DaBell sign the relinquishment for G-27302 and return with the total fee of \$28.00 and the Certificate of water right will be completed.

There is a fee of \$1.00 for recording amendment, \$5.00 for the Certificate of Completion of Works and \$22.00, at the rate of \$2.00 for each 40-acre subdivision, for Certificate and License of Water Right.
