Dear Mrs. Ruff:

This acknowledges the depositions of Holder and two Witnesses and the Affidavit of Publication in The Aberdeen Times in proof of completion of works and beneficial use under Permit No. G-26975.

Before a permit is licensed, the law requires that a field examination be made by an engineer from this department. At this time we cannot say just when this will be made but our field engineer will contact you prior to the time he is to make the inspection so that you can arrange for someone to accompany him.
