Re: Permits No. 21789; 22644; 22653; 23358; 26513  
26767 - Grandview Realty  
Permit No. 23011 - Walter T. Smith

Harley H. McDowell  
P. O. Box 1161  
Boise, Idaho

Dear Mr. McDowell:

We believe that all of the above numbered permits have a common point of diversion through a pumping plant and pipe to ditches.

Permit No. 23011 was filed in connection with a desert land entry which our records show was not allowed and the case was closed. Possibly this permit should be relinquished or assigned with amendment to the land list.

The other permits claim a total of 21.82 c.f.s. all for irrigation of the same land.

The flow from the penstock was measured as 23 c.f.s. on April 3rd. The examination showed that 54.2 acres were irrigated, in Sections 3 and 10. Some land in Section 9 had been irrigated in the past, however all of the work and the land were being reworked and the area was not determined from the air photo. There was also some land in Section 11 and NE 1/4, Sec. 9, which is not on the land list.

It seems that the license could be issued under Permit 21789 for all of the present development and later proofs of beneficial use will be necessary under the other permits. Land under Permit No. 22644 were not inspected.

Kindly advise how this problem should be solved.

Very truly yours,

RALPH E. THOMAS, Deputy  
State Reclamation Engineer

Re: Permit No. G-26767

Mr. C. L. Ashley  
Route #1 (268 Curtis St)  
Blackfoot, Idaho

Dear Mr. Ashley:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-26767 shows the well is capable of conveying 150 miner's inches ( 3.0 c.f.s.) of water for irrigation of 240 acres.

Upon receipt of the statutory fee of \$17.00, we will issue the Certificate of Completion of Works ( fee \$5.00 ) and the License and Certificate of Water Right ( fee \$12.00 - based at the rate of \$2.00 for each 40-acre subdivision) confirming the right, with priority of February 18, 1957, to the use of 3.0 second feet of subterranean water, with the point of diversion in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , Sec. 27, for the irrigation of W $\frac{1}{2}$ SW $\frac{1}{4}$ , Sec. 26; SE $\frac{1}{4}$ , Sec. 27, T. 1 S., R. 35 E., B. M.

Very truly yours,

GEO. N. CARTER  
State Reclamation Engineer

## INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

### NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

NOTICE IS HEREBY GIVEN That 10:00 A.M., on the 3rd day of September, 1958, at Blackfoot, County of Bingham, State of Idaho, before H. William Furchner, Notary Public, at Blackfoot, Idaho, proof will be submitted of the completion of works for the diversion of 4.8 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26767 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is C. L. Ashley, Route No. 1, Blackfoot, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 4.8 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 4.8 cubic feet per second.

4. The point of diversion of said water is NW $\frac{1}{4}$ SE $\frac{1}{4}$  Sec. 27, Twp. 1 S., Rge. 35 EBM.

5. The place where said water is used is W $\frac{1}{2}$ SW $\frac{1}{4}$  Sec. 26 and SE $\frac{1}{4}$  Sec. 27, all in Twp. 1 South, Rge. 35 EBM.

6 The date of priority which said user is prepared to establish is February 18, 1957.

GEO. N. CARTER,  
State Reclamation Engineer.

## License and Certificate of Water Right

Water License No. G-26767Amount 3.0 c.f.s.

Water District No. \_\_\_\_\_

Priority Feb. 18, 1957

THIS IS TO CERTIFY that C. L. ASHLEY  
 of Blackfoot, Idaho, made application for a permit to appropriate the  
 public waters of the State of Idaho, dated February 18, 1957; that Permit No. G-26767  
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of  
3.0 second feet, was issued thereunder on July 21, 19 59, showing that said works  
 were completed on the 3rd day of September, 1958; and that on the 3rd  
 day of September, 19 58,

C. L. ASHLEY  
 of Blackfoot, State of Idaho, made proof to the satisfaction of the  
 State Reclamation Engineer of Idaho, of the right to use the waters of a well  
, a tributary of subterranean flow , for the purpose of irrigation  
, under Use Permit No. G-26767 of the Department of Reclamation  
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,  
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume  
11 of Licenses at page 6692, on the 21 day of July, 19 59;  
 The right hereby confirmed dates from February 18, 19 57;

The Point of Diversion is located  
 in the NW 1/4 SE 1/4, Sec. 27, Tp. 1 S., R. 35 E., B. M. Bingham County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes  
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall  
 not exceed 3.0 cubic feet per second.

# APPLICATION FOR PERMIT

## To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 34670  
Permit No. G- 26767  
District No.

H. William Furchner  
Box 671  
Blackfoot, Idaho

1. Name of Applicant: C. L. ASHLEY  
Postoffice address: Route 1, Blackfoot County: Bingham State: Idaho
2. Quantity of water claimed: 4.8 cubic feet per second
  - (a) Rate of withdrawal in cubic feet per second. 4.8 or Idaho  
Miners' inches or gallons per minute.
  - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean source
4. Location of point of diversion or well is in the NW 1/4 of the SE 1/4 of Section 27  
Twp. 1 S., Rge. 35 E., B.M., County of Bingham
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
  - (a) Point of use of water is in the 1/4 of the 1/4 of Section , Twp.  
Rge. , B.M.
  - (b) Waste water or sewage effluent is to be returned to  
at a point in the 1/4 of the 1/4 of Section , Twp. , Rge. , B.M.
7. Kind of works: Well 261 Feet deep cased to lava rock, equipped with 60 h.p. electric motor and turbine pump with sprinkler system attached.
8. Estimated cost of works: \$ 10,000.00
9. (a) Is reservoir to be used? No.  
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is five years.
11. If applicant is a corporation, give:
  - I. (a) Date and place of incorporation:  
(b) Amount of capital stock: \$ (c) Amount paid in: \$  
(d) Names and addresses of directors:
  - II. The financial resources of the applicant are (a) Cash on hand: \$  
(b) Treasury stock: (c) Bonds to be issued:  
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
  - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
  - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Re: Permits No. 21789; 22644; 22653; 23358; 26513  
26767 - Grandview Realty  
Permit No. 23011 - Walter T. Smith

Harley A. McConwell  
P.O. Box 1161  
Palm, Idaho

Dear Mr. McConwell:

We believe that all of the above numbered permits have a common point of diversion through a pumping plant and pipe to ditches.

Permit No. 23011 was filed in connection with a desert land entry which our records show was not allowed and the case was closed. Probably this permit should be relinquished or assigned with assignment to the land list.

The other permits claim a total of 31.32 c.f.s. all for irrigation of the same land.

The flow from the pumpback was measured as 23 c.f.s. on April 3rd. The examination showed that 117 acres were irrigated, in sections 3 and 16. Some land in section 7 had been irrigated in the past, however all of the north and the lands were being reworked and the area was not determined from the air photo. There was also some land in section 11 and E. 1/2, Sec. 9, which is not on the land list.

It seems that the license could be issued under permit 21789 for all of the present development and later proofs of beneficial use will be necessary under the other permits. Land under permit No. 23011 was not inspected.

Kindly advise how this problem should be solved.

Very truly yours,

Walter T. Smith, Deputy  
State Reclamation Engineer

Re: Permit G-26767

Mr. C. L. Ashley  
Route #1  
Blackfoot, Idaho

Dear Mr. Ashley:

We enclose Certificate of Completion of Works and  
License and Certificate of Water Right issued on Permit G-26767.

We also enclose departmental receipt in the amount  
of \$17.00 covering fees.

Very truly yours,

GEO. N. CARTER  
State Reclamation Engineer

Re: Permit No. G-26767

Mr. C. L. Ashley  
Route #1 (268 Curtis St)  
Blackfoot, Idaho

Dear Mr. Ashley:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-26767 shows the well is capable of conveying 150 miner's inches ( 3.0 c.f.s.) of water for irrigation of 240 acres.

Upon receipt of the statutory fee of \$17.00, we will issue the Certificate of Completion of Works ( fee \$5.00 ) and the License and Certificate of Water Right ( fee \$12.00 - based at the rate of \$2.00 for each 40-acre subdivision) confirming the right, with priority of February 18, 1957, to the use of 3.0 second feet of subterranean water, with the point of diversion in the NW 1/4, Sec. 27, for the irrigation of W 1/4 SW 1/4, Sec. 26; SE 1/4, Sec. 27, T. 1 S., R. 35 E., B. M.

Very truly yours,

GEO. N. CARTER  
State Reclamation Engineer

## INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Ashley:

In reviewing the report on Permit No. G-26767 it appears  
that a mistake was made. Accordingly another inspection  
will be made.

You will be notified in advance.

Very truly yours,

GEO. N. CARTER

Re: Permit No. G-26767

Mr. C. L. Ashley  
Route # 1  
Blackfoot, Idaho

Dear Mr. Ashley:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Daily Bulletin, all submitted in Proof of Completion of Works and Application of Water to Beneficial Use, on Permit No. G-26767.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER  
State Reclamation Engineer

## Proof of Application of Water to Beneficial Use

### and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. My name is C. L. Ashley, my residence and P. O. Address are Route #1, Blackfoot, Idaho, I am a farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. - - - - -

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-26767, dated March 1, 1958, with priority of February 18, 1957.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Well located in the NW $\frac{1}{4}$  of the SE $\frac{1}{4}$  of Section 27, Township 1 South, Range 35, E.B.M., in Bingham County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. 18 in. well, cased about 6 ft. to lava rock, inside diameter of casing 18 in., depth of well 261 ft. with water standing at 90 ft. from surface of ground equipped with 60 horsepower electric motor and turbine pump and an additional 60 horsepower electric motor for pressure in sprinkler system consisting of 3/4ths of a mile of main line pipe running east and west and 6 four-inch moveable aluminum laterals with 192 nozzles, with aperture of 11/64ths of an in. and operating pressure at pump 80 pounds per square inch.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is all used for irrigation of the lands described in the permit as follows: The Section 27, Township 1 South, Range 35, E.B.M. - NW $\frac{1}{4}$  SE $\frac{1}{4}$  40 a; NE $\frac{1}{4}$  SE $\frac{1}{4}$  40 a; SW $\frac{1}{4}$  SE $\frac{1}{4}$  40 a; SE $\frac{1}{4}$  SE $\frac{1}{4}$  40 a; Section 26, Township 1 South Range 35, E.B.M. - SW $\frac{1}{4}$  SW $\frac{1}{4}$  40 a; NW $\frac{1}{4}$  SW $\frac{1}{4}$  40 a;

26767

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. - - - - -

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Approximately 1 inch per acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. - - - - -

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water from the well mentioned has been used for irrigation of the above-described lands for the crop seasons for the years 1956-1958 inclusive.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) B. F. Ashley

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed

and sworn to before me, at my office in Blackfoot, County of Bingham

Permit No. G-26767

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Gene Nickell, 32 years of age, residing at Route #1, Blackfoot, Idaho. I am a farmer.

Ques. 2. Are you acquainted with C. L. Ashley, the holder of Permit No. G-26767? How long have you known him and where does he reside?

Ans. Yes. I have known him all of my life. He lives at Rt. 1, Blackfoot, in Bingham County, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-26767, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. 18-inch well, located in the NW $\frac{1}{4}$ SE $\frac{1}{4}$  of Sec. 27, Twp. 1 So., R. 35, E.B.M., equipped with two 60 h.p. electric motors and pumps, and sprinkler system, with main line extending East and West thru the center of lands described in permit, and 6 4-inch laterals running North and South, and moved from time to time.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Approximately 4.8 cubic feet per second, based on my observation and estimate.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Same amount, based only on observation and estimate from the conditions of the moisture after each irrigation and comparison with surface irrigation methods.

26767

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is all used for irrigation on the lands described in the permit, in Twp. 1 So., Range 35, E.B.M., as follows: Sec. 26-NW $\frac{1}{4}$ SW $\frac{1}{4}$ -40 a; SW $\frac{1}{4}$ SW $\frac{1}{4}$ -40 a; Sec. 27--NW $\frac{1}{4}$ SE $\frac{1}{4}$ -40 a; NE $\frac{1}{4}$ SE $\frac{1}{4}$ -40 a; SW $\frac{1}{4}$ SE $\frac{1}{4}$ -40 a; SE $\frac{1}{4}$ SE $\frac{1}{4}$ -40 a; The entire acreage is sprinkled. The land is all cultivated, except for a few rough spots which are sprinkled, but not cultivated. No other improvements.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. -----  
-----  
-----

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

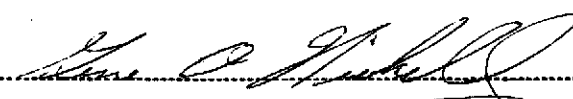

Ans. Land is a lava ash soil, requiring about one inch per acre of water for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

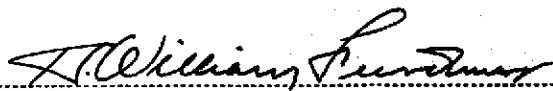

Ans. None.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the irrigation works in operation and crops produced on the above-described lands during the crop seasons of 1956, 1957, and 1958.

(Signed)

### NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

NOTICE IS HEREBY GIVEN That  
10:00 A.M., on the 3rd day of Sep-  
tember, 1958, at Blackfoot, County  
of Bingham, State of Idaho, before  
H. William Furchner, Notary Public,  
at Blackfoot, Idaho, proof was  
submitted of the completion of works  
for the diversion of 4.8 cubic feet  
per second of underground water  
from a well, and of the application  
to beneficial use of said water, in ac-  
cordance with the terms and condi-  
tions of Permit No. G-26767 hereto-  
fore issued by the Department of  
Reclamation of the State of Idaho.

1. The name and postoffice address  
of the person or corporation holding  
said permit is C. L. Ashley, Route No.  
1, Blackfoot, Idaho.

2. Said works of diversion will be  
fully completed on the date set for  
such completion, and the amount of  
water which said works are capable  
of conveying to the place of use is  
4.8 cubic feet per second.

3. The use to which said water has  
been applied is irrigation purposes,  
and the amount applied to beneficial  
use is 4.8 cubic feet per second.

4. The point of diversion of said  
water is NW $\frac{1}{4}$ SE $\frac{1}{4}$  Sec. 27, Twp.  
1 S., Rge. 35 EBM.

5. The place where said water is  
used is W $\frac{1}{2}$ SW $\frac{1}{4}$  Sec. 26 and SE $\frac{1}{4}$   
Sec. 27, all in Twp. 1 South, Rge. 35  
EBM.

6. The date of priority which said  
user is prepared to establish is Feb.  
ruary 18, 1957.

GEO. N. CARTER,  
State Reclamation Engineer.

Dear Mr. Furchner:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26767, in the name of C. L. Ashley. Final proof is to be made before you, as Notary, on the 3rd day of September, at 10:00 A. M., at Blackfoot, Idaho.

As of this date, we have mailed the Notice to the Daily Bulletin, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and his two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time on the date and before you, as Notary, as stated in the Publication Notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two Witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

Mr. Mark R. Kulp  
State Reclamation Engineer  
Department of Reclamation  
Boise, Idaho

Dear Mr. Kulp:

Enclosed is the application of C. L. Ashley  
for appropriation of 4.8 cubic feet per second of  
subterranean water, and also my check in the amount of  
\$6.00 in payment of the filing fee.

Upon issuance of the permit will you kindly  
forward the same to me.

Very truly yours,

H. William Furchner

# **NOTICE OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.**

**NOTICE** HEREBY GIVEN That 0:00 A. M., on the 3rd day of September, 1958, at Blackfoot, County of Bingham, State of Idaho, before L. William Furchner, Notary Public, at Blackfoot, Idaho, proof will be submitted of the completion of works for the diversion of 4.8 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26767 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is C. L. Ashley, Route No. 1, Blackfoot, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 4.8 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 4.8 cubic feet per second.

4. The point of diversion of said water is NW $\frac{1}{4}$ SE $\frac{1}{4}$  Sec. 27, Twp. 1 S., Rge. 35 EBM.

5. The place where said water is used is W $\frac{1}{2}$ SW $\frac{1}{4}$  Sec. 26 and SE $\frac{1}{4}$  Sec. 27, all in Twp. 1 South, Rge. 35 EBM.

6 The date of priority which said user is prepared to establish is February 18, 1957.

GEO. N. CARTER,  
State Reclamation Engineer.
