Residing at Blackfoot, Idaho

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10:00 A.M., on the 7th day of September, 1957, at Blackfoot, County of Bingham, State of Idaho, before J.H. Andersen Notary Public, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of underground waters from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-25783 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person holding said permit Doris A. Smith, Blackfoot, Idaho

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The point of diversion of said water is NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ SE $\frac{1}{4}$, all in Sec. 18, Twp. 2 S., Rge. 34 E.B.M.

5. The place where said water is used is E $\frac{1}{2}$ of Sec. 18 Twp. 2 S. Rge. 34 E.B.M.

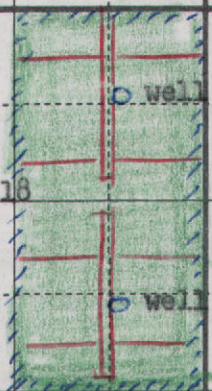

6. The date of priority which said user is prepared to establish is July 7th, 1957.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G-33648
Permit No. G- 25783
District No.

Doris A. Smith
c/o J. H. Andersen
Box 348
Blackfoot, Idaho

1. Name of Applicant: DORIS A. SMITH
Postoffice address: Blackfoot County: Bingham State: Idaho
2. Quantity of water claimed: 6.4 Cu ft.
 (a) Rate of withdrawal in cubic feet per second. 6.4 or Idaho
 Miners' inches 320 or gallons per minute.
 (b) Annual withdrawal in acre feet per annum
3. Source of water supply: subterranean water from wells
4. Location of point of diversion or well is in the $\text{NE}\frac{1}{4}$ $\text{SE}\frac{1}{4}$ $\frac{1}{4}$ of the $\text{SE}\frac{1}{4}$ $\frac{1}{4}$ of Section 18
 Twp. 2 South , Rge. 34 E. , B.M., County of Bingham
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
 Rge. , B.M.
 (b) Waste water or sewage effluent is to be returned to
 at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: two wells, pumps, motors and main steel pipe and aluminum Sprinklers
8. Estimated cost of works: \$ 15,000.00
9. (a) Is reservoir to be used? no
 (b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is five years.
11. If applicant is a corporation, give:
 I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: none
 (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: To be used in connection with Desert Land Entry No. Idaho 0338

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-25783

Comes now Mrs. Doris A. Smith and represents to the State Reclamation Engineer of the State of Idaho: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-25783. That the points of diversion are described in said permit as being located NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18, Township 2 South, Range 34 East, B.M. That he now requests that the point of diversion be changed to a point located NE $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18, Township 2 South, Range 34 East, B.M. That his reasons for desiring to make such change are as follows: The wells mentioned in the application are now drilled and in operation on sites in the above described legal subdivisions of land. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Blackfoot, Idaho, this 3rd day of May, 1958

State Reclamation Engineer

G25783

May 2, 1958

Re: Permit No. G-25783
Mrs. Doris A. Smith

Mr. J. H. Andersen
Counselor At Law
Blackfoot, Idaho

Dear Mr. Andersen:

Our field engineer's report on his inspection of the completion of works and application of water to beneficial use under Permit No. G-25783 shows the wells located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18, Township 2 South, Range 34 East, B.M., and that they are capable of conveying 225 miners' inches (4.5 c.f.s.) of water for irrigation of 286 acres. The record of the permit lists the south well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18, therefore, it is necessary that the permit be amended. We have enclosed an application for amendment to point of diversion for this purpose.

Upon receipt of the amendment, mentioned above, and the statutory fees, totalling \$21.00, we will issue to Mrs. Doris A. Smith, the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (sixteen dollars--based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of June 29, 1955, to her use of 4.5 second feet of subterranean water, with the points of diversion in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18, for irrigation of 286 acres in the E $\frac{1}{2}$ of Section 18, Township 2 South, Range 34 East, B.M.

Re: Permit No. G-25783

Doris A. Smith
996 South University Avenue
Blackfoot, Idaho

Dear Mrs. Smith:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Daily Bulletin, all submitted in proof of completion of works and water to beneficial use on Permit No. G-25783.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

AFFIDAVIT OF PUBLICATION

County of Bingham

State of Idaho

} ss.

I, Marjorie Flint, do solemnly

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10:00 A.M., on the 7th day of September, 1957, at Blackfoot, County of Bingham, State of Idaho, before J.H. Andersen Notary Public, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of underground waters from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-25783 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person holding said permit Doris A. Smith, Blackfoot, Idaho

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The point of diversion of said water is NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ SE $\frac{1}{4}$, all in Sec. 18, Twp. 2 S., Rge. 34 E.B.M.

5. The place where said water is used is E $\frac{1}{2}$ of Sec. 18 Twp. 2 S. Rge. 34 E.B.M.

6. The date of priority which said user is prepared to establish is July 7th, 1957.

MARK R. KULP
State Reclamation Engineer
Pub. Aug. 9-16-23-30

swear that I am the principle clerk of The Daily Bulletin, which is a daily newspaper of general circulation published each day except Saturday and Sunday at Blackfoot, Bingham County, Idaho, said newspaper having been so published at Blackfoot aforesaid for more than one year past; that said newspaper heretofore complied with all the provisions of Chapter 154 of the Sessions Laws of Idaho of 1933, approved March 11, 1933, and duly designated, pursuant to law, a particular day of the week as the day on which legal notices required by law or by the order of any Court of competent jurisdiction within the State of Idaho shall be published to-wit: Friday of each week; that the notice attached hereto and which is a part of this affidavit and part of the proof of publication was, published

in said Friday issue of said newspaper 4

consecutive weeks the first publication having been made

on the 9th day of August, 1957
and the last publication having been made on the

30th day of August, 1957; that said notice was published in the regular and entire issue of every number of the paper as aforesaid during the period and time of publication, and that the notice was published in the newspaper and not in a supplement.

Permit No. G25783

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Doris A. Smith, Blackfoot, Idaho, 996 S. University Ave, Housewife

Post Office Address: 996 South University Ave., Blackfoot, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permitt No. G25783, June 30, 1955. Date of priority June 30, 1955.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Two wells, Subterranean water. One well in Southwest corner of NE $\frac{1}{4}$ of NE $\frac{1}{4}$

Section 18; T.2 S.R.3 $\frac{1}{2}$ E B M, One well in NW corner of SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section
18, T. 2 S.R. 3 $\frac{1}{2}$ E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Two wells, each 16 inch casings, 200 feet deep and 122 feet of water in each.
Each well is equipped with 75 HP electric motor and ten inch centrifugal pump.

The main line of pipe is 8 inch tapering to six inch at the extreme ends.

Outlets every 60 feet. 4 inch aluminum pipe is used for springling. Rainbird
sprinklers in risers from aluminum pipe. Seven lines are used from the combined
pipe lines from both wells and when all sprinklers are in use the pressure is
40 pounds. When part of the lines are not in use the pressure is usually 110 pounds.

Each well throws 1440 gals per minute according to pressure calculations.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. Farm of 320 acres. E $\frac{1}{2}$ Sec 18 T 2 S R 3 $\frac{1}{2}$ E B M

NE $\frac{1}{4}$ NE $\frac{1}{4}$ 40 Acres all in cultivation; NW $\frac{1}{4}$ NE $\frac{1}{4}$ 40 Acres in Cultivation; SE $\frac{1}{4}$ NE $\frac{1}{4}$
40 acres, in cultivation; NW $\frac{1}{4}$ SE $\frac{1}{4}$ 40 acres, in cultivation; SW $\frac{1}{4}$ NE $\frac{1}{4}$ 40 acres in
cultivation; NE $\frac{1}{4}$ SE $\frac{1}{4}$ 40 Acres in Cultivation, NW $\frac{1}{4}$ SE $\frac{1}{4}$ 40 acres in cultivation,
SW $\frac{1}{4}$ SE $\frac{1}{4}$ 30 acres in cultivation; SE $\frac{1}{4}$ SE $\frac{1}{4}$ 30 acres in cultivation. All of the
above has been irrigated and crops raised thereon except about 16 acres in
the right of way for road and railroad tracks. Steel pipe lines through
Center of land from North to South connected with two pumps in the wells, and
equipped with risers from which water is pumped through Aluminum pipes to sprinkle
the whole tract.

25783

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. one miner's inch per acre

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Every week whole area sprinkled between May 15, and September 3, 1956 and 1957. Amount used approximately 6.4 second feet. Potato land will be sprinkled during month of September. approximately 60 acres in potatoes balance in wheat and barley.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) Norman A. Smith

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Blackfoot, County of Bingham,

State of Idaho, on this 7th day of September, A. D. 19 57.

My commission expires January 1, 1958

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
SEP 9 1957
Department of Reclamation

Permit No. G25783

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Mont. A. Anderson Blackfoot, Idaho,, Farmer, Blackfoot, Idaho.

Ques. 2. Are you acquainted with Doris A. Smith, the holder of Permit No. G25783? How long have you known him and where does he reside?

Ans. Yes.
About five years, South University, Blackfoot, Idaho.

Ques. 3. Have you read or heard read said Permit No. G25783, and are you familiar with its provisions and conditions?

Ans. Yes . Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Two Wells one in Center of NE $\frac{1}{4}$ and one in Center of SE $\frac{1}{4}$ of Section 18, T. 2 S.R. 34 E.B.M. Main Steel Pipe line 8 inch from North to South through center of tract. Aluminum 4 inch pipe extends from steel main line east and west to Sprinkle the entire tract. Aluminum pipes (seven lines) equipped with risers and rainbird sprinklers. Wells each 16 inch casing, 200 feet deep equipped with 75 HP Electric motors and ten inch pumps.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 6.4 second feet.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 320 miner's inches.. Estimated from these facts.. It takes one miner's inch per acre to adequately irrigate the ground. I have seen it continually sprinkled during irrigation seasons of 1956 and 1957, and the crops have had ample water. The pumps each throw a ten inch stream under considerable pressure.

J-25783

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation on each subdivision of the E¹/₂ of Section 18, T.2 South, Range 34 East B.M. The whole of the trach has been successfully irrigated during the irrigation seasons of 1957 except the easements across the land for Highway and Railroad. A few rocky knolls have not been cultivated but they have been irrigated.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is lava ash or sandy loam. Requires 1 miner's inch per acre for adequate irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. By Sprinkling system practically continuously during irrigation season from May to September, 1956 and 1957. I estimate a miner's inch to the acre for the season. Land during years irrigated never suffered for want of moisture produced by the system employed. I reside in the vicinity of land and saw it frequently.

(Signed) Mont A. Anderson

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Blackfoot, County of Bingham, State of Idaho, on this 7th day of September, A. Permit No. G25783

Proof of Application of Water to Beneficial Use Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Willie H. Zimmerman, Age 50 Residence Blackfoot, Idaho, Carpenter and farmer
Post Office Address, Blackfoot, Idaho.

Ques. 2. Are you acquainted with Doris A. Smith, the holder of Permit No. G25783? How long have you known him and where does he reside?

Ans. Yes. About five years. South University, Blackfoot, Idaho.

Ques. 3. Have you read or heard read said Permit No. G25783, and are you familiar with its provisions and conditions?

Ans. Yes. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Two Wells, each 200 feet deep, equipped with 75 HP electric motors and ten inch Pumps; The main pipe line runs North and South through the center of the 320 acres in the tract irrigated. Main Line steel pipe 8 inch reduced to six inches at extremities. Seven lines of Aluminum 4 inch pipe equipped with risers and rainbird sprinklers take off from the main pipe line and are moved from time to time for sprinkling the entire tract.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 6.4 second feet estimate 6.4 Second feet

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 320 miner's inches of water or 2880 gallons per minute combined flow from the two wells, figured from pressure when all lines are delivering water,

G25783

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Water used for irrigation. NE $\frac{1}{4}$ and N $\frac{1}{2}$ SE $\frac{1}{4}$ consisting of 240 acres all cultivated and Ans. irrigated, except a few small knolls, S $\frac{1}{2}$ SE $\frac{1}{4}$ all cultivated and irrigated except railroad and highway easements through that part, approximately twenty acres not cultivated. Above land is all in Section 18 T. 2 S.R.34 E.B.M.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is lava ash or sandy loam, and requires 1 miner's inch per acre.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Weekly, between middle of May and Middle of September 1956 and 1957. (still irrigation of potatoes this year)
Sprinkling through pipe lines and sprinklers. One miner's inch per acre.
Have distributed the water myself during 1956 and 1957.

(Signed) Willie M. Zimmerman

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 7th
day of September, 19 57, at Blackfoot, County of
Bingham, State of Idaho, before J.H. Andersen
Notary Public, proof will be submitted of the completion of
works for the diversion of 6.4 cubic feet per second of underground waters
from a well, and of the application to beneficial use of said water, in accordance
with the terms and conditions of Permit No. G-25783 heretofore issued by
the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person ~~of~~ holding said
permit ~~###~~ Doris A. Smith, Blackfoot, Idaho

2. Said works of diversion will be fully completed on the date set for such
completion, and the amount of water which said works are capable of conveying to
the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation
purposes, and the amount applied to beneficial use is
6.4 cubic feet per second.

4. The point of diversion of said water is NW1NE1 and NW1SE1, all in
Sec. 18, Twp. 2 S., Rge. 34 E.B.M

5. The place where said water is used is E1 of Sec. 18, Twp. 2 S.
Rge. 34 E. B.M.

6. The date of priority which said user is prepared to establish is
July 7th, 1957.

Re: Permit No. G-25783

Mr. J. H. Anderson
Counselor at Law
Blackfoot, Idaho

Dear Mr. Anderson:

We have your letter of July 8th, stating that Mrs. Doris A. Smith is prepared to make proofs of Completion of Works and Beneficial Use on her Permit No. G-25783.

Before these proofs are made, the statutes require publication of a Notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

Both copies of Form 36 to be returned to this Department together with Form 11 which is her authorization for us to have the Notice published at her expense in the designated county newspaper.

We shall then send a copy of the Notice to the newspaper with instructions in regard to publishing and shall send you the forms of depositions to be executed by Doris A. Smith and her two witnesses in making these proofs.

The proofs may be made at any place convenient for her and her two witnesses but the date must be set far enough ahead to allow for four weeks publication.

Also enclosed are forms to make Application for Appropriation of Subterranean Water, as per your request.

Very truly yours,

MARK R. KUIP

ICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10:00 A.M., on the 7th day of September, 1957, at Blackfoot, County of Bingham, State of Idaho, before J.H. Andersen Notary Public, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of underground waters from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-25783 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person holding said permit Doris A. Smith, Blackfoot, Idaho

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The point of diversion of said water is NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ SE $\frac{1}{4}$, all in Sec. 18, Twp. 2 S., Rge. 34 E.B.M.

5. The place where said water is used is E $\frac{1}{2}$ of Sec. 18 Twp. 2 S. Rge. 34 E.B.M.

6. The date of priority which said user is prepared to establish is July 7th, 1957.

MARK R. KULP

State Reclamation Engineer
