RE: Permit No. 96-9282

Permit Approval Notice

Dear Permit Holder:

The Department of Water Resources has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a PRELIMINARY ORDER issued by the Department pursuant to Section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Enclosed is a form entitled 'Instructions for Proof of Beneficial Use.' Please read the instructions carefully since you must take further action to develop this permit into a licensed water right. Also enclosed is a form entitled 'Proof of Beneficial Use.' If your project is already completed, you should complete and submit this form immediately.

The right to drill a well is not a part of this permit to appropriate water. Beginning in July of 1987, a statute was enacted which requires a drilling permit for new well construction and deepening of existing wells. If the well(s) proposed for use under this water right permit were drilled or deepened after July 1, 1987, a separate drilling permit must be obtained from this Department. Please contact the Ground Water Protection Section located here at this office or our regional office nearest you.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-287-4947.

Sincerely,

Shelley W. Keen

Secretary

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

(To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below.

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of, or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

RE: Application for Permit No. 95-9341 and 96-9282

Dear Kattie and Glenda:

Enclosed you will find a SECOND legal notice which we wish to have published in your newspaper on the dates indicated, June 1 and 8, 2006, (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

This was originally e-mailed to you on April 12, 2006 by Christy Phillips of our office, while I was out on medical leave. In checking with Kattie, we find it did not publish as requested.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 06/19/2006. Your cooperation is appreciated.

Sincerely

Subject: Legal Notice for publication on June 1 and 8, 2006

Good day to you, ladies,

Kattie, thanks for your quick response to my e-mail of yesterday afternoon - this will allow us to get this legal notice published in our next publication cycle, along with the one I e-mailed to you yesterday.

This will be a SECOND LEGAL NOTICE for publication on June 1 and 8, 2006; the first one was e-mailed to you yesterday. I need to make sure that both legal notices, this one and the one I e-mailed to you yesterday, get into the paper for the June 1 and 8, 2006 dates.

This particular legal notice was the one you indicated could not be found in your records. [This was the one Christy Phillips supposedly sent to you back on April 12th when I was out on medical leave, and was originally scheduled for publication April 20 and 27. Something must have happened in the transmission at that time.]

Therefore, attached is our cover letter for this one, requesting publication of this legal notice, also attached. I have updated the legal notice to reflect the currently proposed publication dates and the date by which protests must be filed with our office.

PLEASE FAX A PROOF COPY TO ME BEFORE THIS, AND THE ONE SENT TO YOU YESTERDAY, GO TO PRESS - My FAX number is 769-1454.

If you have ANY questions or problems, please call me at 769-1450.

Thanks VERY much for all your help. You are greatly appreciated.

If everything seems to be coming your way, you're probably in the wrong lane.

RE: Application for Permit No 96-9282

Dear Applicant(s):

The Department of Water Resources acknowledges receipt of your water right application. Please refer to the above referenced number in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the Coeur d'Alene Press.

This was supposed to have published on April 20 and 27, 2006, and for some reason it did not actually get into the paper, although it was sent to them for publication. Therefore we are re-sending it today for publication on June 1 and 8, 2006. Submittal of protests to this application will be allowed for a period ending ten days after the second publication.

If the application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an unprotested application is about eight to twelve weeks.

Please feel free to contact this office if you have any questions.

Sincerely,

Keith E. Franklin

Hello Dianne-

In looking through my records, I am only able to find one notice scheduled for 4/20 and 4/27/06 and it was an Amendment to Application 95-9045.....not what we're looking for.
So as far as I can see, this one has not published.
Thank you,

Good day to you Kattie and Glenda,

This is a follow-up on a legal notice that was sent to your attention on 4/12/06 and was to publish on 4/20 and 4/27/06.

This was done by Christy from our office while I was out on medical leave for 2 months. I don't see anything in file that indicates that a proof was received, and I don't find an affidavit or copy of a bill. Perhaps Christy received it and forwarded it to our State office for payment without making a copy for our file.

Do you have any record of receiving this for publication on April 20 and 27, or of it actually published on those dates??

It was for Water Right Applications 95-9341 for Nelson and for 96-9282 for Rettstatt.

I need to know if I have to re-send this for publication for June 1 and 8. If so - I will re-do the legal notice and e-mail it off to you in the morning.

On the other hand, if it published and an affidavit and bill was sent to us, I will have to check with the state office to make sure they have a copy there. I can't close our file here until I have that information.

Please get back to me as soon as possible on this one.

Thanks **very** much.

Too blessed to be stressed. Dianne

RE: Application for Permit No 96-9282
Dear Applicant(s):

The Department of Water Resources acknowledges receipt of your water right application. Please refer to the above referenced number in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the Coeur d'Alene Press on April 20 & 27, 2006. Submittal of protests to this application will be allowed for a period ending ten days after the second publication.

If the application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an unprotested application is about eight to twelve weeks.

Please feel free to contact this office if you have any questions.

Sincerely,

Keith E. Franklin
Water Resource Agent
