Re: Permit No. G-26692

Samuel Alvin Bates
Rt 1
Lorenzo, Idaho

Dear Mr. Bates:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-26692 shows the well is (are) capable of conveying 132 miner's inches, or 2.64 c.f.s. of water for the irrigation of 132 acres.

Upon receipt of the statutory fees, totaling \$15.00, which consists of a Completion of Works fee of \$1.00 and License and Certificate of Water Right fee of \$10.00 - based at the rate of \$2.00 for each 40-acre subdivision - we will issue the Certificate of Completion of Works and the License and Certificate of Water Right confirming the right, with priority of January 10, 1957 to the use of 2.64 second feet of subterranean water with the point of diversion in the SW 1/4, Sec. 15 for domestic use and irrigation of 132 acres in the W 1/2, E 1/4, SW 1/4, Sec. 15, T. 5 N., R. 50 E., S. 1.

Since your permit does not include the SW 1/4, Sec. 15 it will be necessary to amend the land list on the permit if you want the extra land included in the license. Complete the enclosed form, submit it with the above mentioned statutory fees, plus an additional fee of \$1.00 for recording the amendment, to this office and the Certificate of Completion of Works and License and Certificate of Water Right will be issued as shown above. If you do not want the extra land included the statutory fees will total \$13.00 and the land list will be restricted to the lands shown on the permit which are actually irrigated.

Dear Mr. Bates:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the **The Rexburg Standard**, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Mary Smith,  
Attorney at Law,  
Rexburg, Idaho.

Dear Miss Smith:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26692, in the name of Samuel Alvin Bates. Final Proof is to be made before you, as Notary on the 12th day of January, 1962, at 10:00 o'clock A.M., at 70 East Main, Rexburg, Idaho.

As of this date we have mailed the Notice to the Rexburg Standard with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

DEPARTMENT OF RECLAMATION

Boise, Idaho

Re: Permit No. G- 26692

Date: Nov. 1, 1961

Samuel Alvin Bates  
Route #1  
Lorenzo, Idaho

Dear Mr. Bates:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 26692 are due not later than **January 21, 1962**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER  
State Reclamation Engineer
