Dear Mr. Haight:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use, under Permit No. G-26590, in the name of the Ruby Company. Final proof is to be made before Alice Hubbard Johnson, Notary Public at 10:00 A. M. on the 25th day of August, 1958, at Boise, Idaho.

As of this date we have mailed the Notice to the Daily Bulletin, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the Permit Holder and two disinterested witnesses, who are familiar with the terms of the Permit and the work done thereunder, at the time, on the date and before the Notary as stated in the Publication Notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that the Notary's seal has been placed on each and that all depositions (Holder and two Witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,
