

State of Idaho
License and Certificate of Water Right

Water License No. G-26353

Amount 1.5 c.f.s.

Water District No. _____

Priority May 16, 1956

THIS IS TO CERTIFY that GLEN H. TEEPLES - Assignee - ALLEN HALLSTROM
of Blackfoot, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated May 16, 19 56; that Permit No. G-26353
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.5 second feet, was issued thereunder on July 11, 19 62, showing that said works
were completed on the 20th day of June, 19 61; and that on the 20th
day of June, 19 61,

ALLEN HALLSTROM

of Salt Lake City, State of Utah, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
a tributary of subterranean flow, for the purpose of irrigation and domestic use
under Use Permit No. G-26353 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
12 of Licenses at page 7328, on the 11th day of July, 19 62;
The right hereby confirmed dates from May 16, 19 56;

The Point of Diversion is located Center NW $\frac{1}{4}$
in the -- $\frac{1}{4}$ -- $\frac{1}{4}$, Sec. 33, Tp. 2 S, R. 32 E, B. M. Bingham County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.5 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
2 S	32 E	33	NE $\frac{1}{4}$ NW $\frac{1}{4}$	40	39

Re: Permit No. C-26353

Allen Hailstrom
1177 Emerson Avenue
Salt Lake City, Utah

Dear Mr. Hailstrom:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. C-26353 shows the well is (200) capable of conveying 75 miner's inches, or 1.5 c.f.s. of water for the irrigation of 151 acres.

Upon receipt of the statutory fees, totaling \$ 13.00 , we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$ 8.00 , based at the rate of \$2.00 for each 40-acre subdivision) confirming the right, with priority of May 16, 1956 to the use of 1.5 second feet of subterranean water with the point of diversion in the Center NW 1/4, for domestic use and irrigation of 151 acres in the NW 1/4, Sec. 33, T. 2 S., R. 32 E., S.M.

Dear Mr. Hallstrom:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the The Blackfoot News, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Permit No. G-26353

Proof of Application of Water to Beneficial Use
and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Allen Hallstrom, I am a farmer, and reside at 1177 Emerson Avenue, Salt Lake City, Utah.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. - - - - -

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. G-26353, dated May 25, 1956, with date of priority of May 16, 1956.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Irrigation well located at the center of the NW $\frac{1}{4}$ of Sec. 33, in Twp. 2 S., Rge. 32, E.B.M., in Bingham County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. 16" irrigation well, approximately 200 feet in depth, cased several feet to lava rock, water level at 140 feet, equipped with 75 H.P. electric motor and turbine pump and sprinkler system consisting of $\frac{1}{2}$ mile of 6" main line pipe and 1 mile of 4" portable lateral pipe, with 132 nozzles of $\frac{3}{16}$ inch diameter, operating pressure is 60-75 pounds per square inch, discharge rate is 900 gal. per minute through sprinkler system or 1800 gal. per minute with open discharge.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is all used for irrigation of the lands described in the permit, in Sec. 33, Township 2 S., Rge. 32, E.B.M., as follows: NE $\frac{1}{4}$ NW $\frac{1}{4}$ 40a; NW $\frac{1}{4}$ NW $\frac{1}{4}$ 40a; SE $\frac{1}{4}$ NW $\frac{1}{4}$ 40a; the said lands are all cultivated except for a few rocky spots, but the entire area is irrigated with a sprinkling system. Improvements include one machine shed and one cinder-block house.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. Not known.

G26353

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Not applicable.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. One miner's inch of water per acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. The permit was originally issued to Glenn H. Teeple, formerly of 90 Goodwin Drive, Blackfoot, Idaho, who has assigned the same to Allen Hallstrom.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The entire flow from this well has been used for irrigation of the lands described in the permit for the past five years.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

(Sign)

Allen Hallstrom

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed

and sworn to before me, at my office in Blackfoot, County of Bingham,

State of Idaho, on this 20th day of June, A. D. 1961.

Permit No. G-26353

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Thomas B. Slayton, I reside at 600 Curtis, Blackfoot, Idaho,
agricultural services business.

Ques. 2. Are you acquainted with Allen Hallstrom, the
holder of Permit No. G-26353? How long have you known him and where does
he reside?

Ans. I am not acquainted with Mr. Hallstrom, but I have been well
acquainted with the property which he now owns for the past five
years.

Ques. 3. Have you read or heard read said Permit No. G-26353, and are you
familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Irrigation well located at the center of the NW 1/4 of Sec. 33,
Twp. 2 So., Rge. 32, E.B.M., equipped with 75 H.P. electric motor
and turbine pump; 6-inch main line runs North and South from the
well to the boundaries of the property irrigated and lateral lines
are run to the East and West from the main line.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate 160 miner's inches.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. 160 miner's inches by my estimate.

26353

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is all used for the irrigation of the lands described in the permit, all of which are irrigated with sprinkler system and all of which are cultivated except for a few rocky areas. Improvements consist of a machine shed and small cinder-block house. The entire 40 acres of each subdivision of the NW $\frac{1}{4}$ of Sec. 33, Twp. 2 So., Rge. 32, are irrigated from this well.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not applicable.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is a lava ash soil and requires approximately one miner's inch per acre for profitable irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. None.

(Signed)

Thomas B. Slayton

Permit No. G-26353

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Claude G. Brower, I am forty-seven years of age and reside at Blackfoot, Idaho, I am presently engaged in the real estate business.

Ques. 2. Are you acquainted with Allen Hallstrom, the holder of Permit No. G-26353? How long have you known him and where does he reside?

Ans. I am not acquainted with Mr. Hallstrom, but I have been well acquainted with the property which he now owns for the past five years.

Ques. 3. Have you read or heard read said Permit No. G-26353, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Irrigation well located at the center of the NW 1/4 of Sec. 33, Twp. 2 So., Rge. 32, E.B.M., equipped with 75 H.P. electric motor and turbine pump, 6 inch main line runs North and South from the well to the boundaries of the property irrigated and lateral lines are run to the East and West from the main line.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate 160 miner's inches.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 160 miner's inches by my estimate.

J 26353

Ques. 7. State for what purpose water is used, and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is all used for the irrigation of the lands described in the permit, all of which are irrigated with sprinkler system and all of which are cultivated except for a few rocky areas. Improvements consist of a machine shed and small cinder-block house. The entire 40 acres of each subdivision of the NW 1/4 of Sec. 33, Twp. 2 So., Rge. 32, are irrigated from this well.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not applicable.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is a lava ash soil and requires approximately one miner's inch per acre for profitable irrigation.

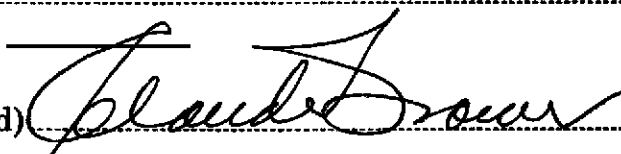

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

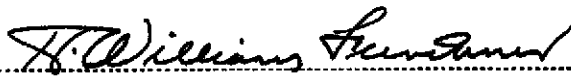

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. None.

Attn: H. William Furchner

Dear Mr. Furchner:

The legal notice of intention to make proofs under the permit has been sent to the Blackfoot News showing Allen Hallstrom as holder of the permit.

You must understand that Mr. Hallstrom cannot make the proofs if he is not the holder by proper assignment from the record holder of the permit. There is a fee of \$0.50 for recording the assignment, which should be mailed in with the assignment as soon as possible.

Very truly yours,

H. William Furehner
Attorney at Law
Blackfoot, Idaho

Dear Mr. Furehner:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. 0-26353, in the name of Allen Hallstrom. Final Proof is to be made before you, as Notary on the 20th day of June, 1961, ~~1960~~, at 10:00 o'clock A. M., at Blackfoot, Idaho.

As of this date we have mailed the Notice to the Blackfoot News with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Dear Mr. and Mrs. Hallstrom:

Several years ago, I secured a permit No. G 26353 from the Department of Reclamation of the State of Idaho for Glen H. Teeplee covering a well in the center of the Northwest Quarter of Section 33, Township 2 South, Range 32, East of the Boise Meridian, with a claim of 160 inches of water for the irrigation of said Northwest Quarter.

The Department of Reclamation now reminds me that final proofs of completion of works and application to beneficial use are due not later than May 25th, 1961. For your convenience, I am forwarding to you herewith a letter of instructions with forms No. 36 and No. 11, since I understand that you have acquired all the right, title and interest of Mr. Teeplee in this property.

For the information of others who may be interest in this property, I am also sending them copies of this letter.

According to my notes, the original permit was sent to John Hancock Life Insurance Company, who holds the Mortgage on the property.

YOURS very truly,

KERR AND WILLIAMS

Re: Permit No. G- 26353
Glen H. Teeple

Date: Feb. 28, 1961

Robert M. Kerr, Jr.
Attorney at Law
Blackfoot, Idaho

Dear Mr. Kerr:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 26353 are due not later than **May 25, 1961.**

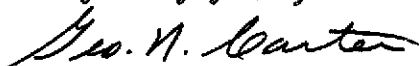

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer
