Dear ~~Mr.~~ Madam:

The date for proofs of Completion of Works and Application of Water to Benefi-
cial Use, as set out under the terms of Permit No. G-26279 are due not later
than April 2, 1961. G-26280

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

Helen M. & Elden H. Woolf

Helen M. Woolf
Sterling, Idaho

Dear Mrs. Woolf:

Enclosed are forms and instructions preliminary to making proofs of completion of works and beneficial use of water under the two permits. As you will note on one form, the proofs are not due until April 2, 1961, however they can be made at any prior time.

The proofs under Permit G-26280 must be made by the Administrator of the estate of Mr. Woolf and a certified copy of the Court Order must be on file in this office.

Both permits can be shown in one legal notice by showing the holder of each permit as well as the lands irrigated and point of diversion under each permit. Two notices are much easier to prepare.

The field engineer will not be able to inspect your works this week and probably the inspection should be put off until next summer when the sprinklers will be in operation.

Very truly yours,

GEO. N. CARTER

70 West Pacific Street
Blackfoot, Idaho

Dear Mr. Williams:

We have your letter of February 7, 1957, stating that Mr. Boyd E. Williams is prepared to make proofs of Completion of Works and Beneficial Use on his above captioned Permits.

Before these proofs are made, the statutes require publication of a Notice once a week for four weeks in a county newspaper. This Notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

The proofs may be made at any place convenient for him and his two witnesses but the date must be set far enough ahead to allow for four weeks publication.

Both copies of Form 36 to be returned to this department together with Form 11 which is his authorization for us to have the Notice Published at his expense in the designated county newspaper.

We shall then send a copy of the Notice to the newspaper with instructions in regard to publishing and shall send you the forms of depositions to be executed by the Permit holder and his two disinterested witnesses in making these proofs.

Very truly yours,

Dear Mr Carter,

Will you please advise me how to get the water measured from our 2 wells, and send necessary forms for completion of water works.

The permit numbers are G-26279 and G26280.

I lost my husband Aug 7- from a heart attack. He had never had heart trouble, it was a coronary occlusion.

I still have the pumps on and would like to complete this as soon as possible, but am at a loss to know what to do, and would

Dear Mrs. Woolf:

Enclosed are the Applications for Amendment to Permits No. G-26279 and G-26280 as approved by the State Reclamation Engineer and recorded in the Department of Reclamation in Book 93 of Permits at pages 26279 and 26280 amending the points of diversion as described on record to read as follows: Permit No. G-26279 "SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 21, Township 3 South, Range 31 East, B.M." Permit No. G-26280 "SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 20, Township 3 South, Range 31 East, B.M." These amendments should now be attached to the original permits to which they refer and of which they become a part.

Enclosed also is departmental receipt #G-3495 for \$2.00, issued as receipt of fee for two copies each of the above mentioned amendments, which we are sending to the Bureau of Land Management in connection with permits on file with Desert Entries Idaho Serials #07074 and #07073.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-26280

RECEIVED
JUL 30 1958
Department of Reclamation

Comes now Elden H. Woolf and represents to the State
Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. G-26280.

That the point of diversion is described in said permit as being located
NE 1/4 of Sec. 20., Twp. 3 S., Rge. 31 E., B. M.

That he now requests that the point of diversion be changed to a point
located SW 1/4 of Sec. 20., Twp. 3 S., Rge. 31 E., B. M.

That his reasons for desiring to make such change are as follows:

The change of location of well, was to permit installation of a sprinkling
system.

That no one will be injured by such change, and that such change will be
made at Permit Holder's own risk.

Signed at Sterling, Idaho, this 30 day of July, 1958
