Dear Mrs. Woolf:

Enclosed are copies of Permit G-26279 in the name of Helen M. Woolf and G-26280 in the name of Eldon H. Woolf as ordered in your letter of June 27, 1959. The fee for each copy is \$1.75, or a total of \$3.50.

Our field engineer is out of the office, however we do not believe he will be able to inspect your wells prior to July 14, 1959. He has been in your area recently. Such a request is very rare and we believe that a measurement of water prior to the visit of the BLM examining officer need not be made by our field engineer.

Very truly yours,

Permit No. G-26279

Comes now HELEN M. WOOLF and represents to the State Reclamation Engineer of the State of Idaho: That she is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-26279. That the point of diversion is described in said Permit as being located: SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 21, T. 3 S., R. 31 E., B.M.

That she now requests that the point of diversion be changed to a point located: SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 21, T. 3 S., R. 31 E., B.M.

That the reason for desiring to make such change is as follows: Previous location was found by field engineer to be in error. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho, this 10 day of August, 1961.

/s/ Helen M. Woolf - Executrix, 1811 Michigan, Boise, Idaho

Date of Receipt at Department of Reclamation: August 14, 1961

Dear Mrs. Woolf:

We received your check for \$43.00 with application for amendment to point of diversion.

October 24, 1960 we notified you that the deposition of Completion of Works and Beneficial Use of water under Permit No. G-26280 must be signed by the administrator for the State and that this office must have a certified or photo copy of the Court Order naming the administrator.

You signed as Executrix however we do not have a copy of the court order.

Your check covers fees for water right certificates for both permits plus the amendment recording fee. Nothing can be completed until we receive the Court Order which should be remitted to this office at your earliest convenience.

Boise, Idaho.

Dear Mrs. Woolf:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26279. The proofs are to be made at 10:00 o'clock A.M., on the 11th day of March, 1961 ¹⁹⁵⁹ before Laven Warner, Aberdeen, Idaho, Notary Public.

As of this date we have mailed the Notice to the Daily Bulletin with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

Dear ~~Mr.~~ Madam:

The date for proofs of Completion of Works and Application of Water to Benefi-
cial Use, as set out under the terms of Permit No. G-26279 are due not later
than April 2, 1961. G-26280

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

Dear Mrs. Woolf:

Enclosed are forms and instructions preliminary to making proofs of completion of works and beneficial use of water under the two permits. As you will note on one form, the proofs are not due until April 2, 1961, however they can be made at any prior time.

The proofs under Permit G-26280 must be made by the Administrator of the estate of Mr. Woolf and a certified copy of the Court Order must be on file in this office.

Both permits can be shown in one legal notice by showing the holder of each permit as well as the lands irrigated and point of diversion under each permit. Two notices are much easier to prepare.

The field engineer will not be able to inspect your works this week and probably the inspection should be put off until next summer when the sprinklers will be in operation.

Dear Mr Carter,

Enclosed is our forms for amendment on location of wells. Mr Carter, our original papers on this is in Boise, as we will not be able to get them until late fall, was wondering if you could fill the legal description in for us. I am enclosing a map with the location of new well sites.

Also enclosing a check for two dollars for photo-copies for Bureau of Land Management. If this isn't enough for necessary copies will remit difference by return mail.

Do you have to have a copy of the well logs?
